## 2016: A Year of Social Unrest Reminiscent of the late 1960's and early 1970's

- The Memphis Police Department has been working diligently to accommodate groups that wish to voice their concerns over issues that Memphians want to address.
- The Memphis Police Department's goal is to provide public safety for those individuals that wish to voice their opinions and concerns.
- The Memphis Police Department has information from various sources that small groups of individuals use these legitimate public venues to advance their own agenda. The Memphis Police Department has information from reliable sources that these small groups intend to cause violence and destroy property using these public venues.

## Blue Suede Shoes

---

- The Memphis Police Department received information from these sources before, and during Elvis Week that a group of individuals wanted to use a protest on the night of the Elvis Presley Candlelight Vigil to incite violence.
- The information from these sources and real time information from plain clothes officers embedded in the demonstration suggested that a few members of this protest group intended to draw officers into a physical confrontation. This physical confrontation would be used to escalate the violence.
- Individuals were encouraged to bring cellphones and video cameras to capture officers arresting or assaulting protesters.
- Through extensive planning and preparation the plan to escalate the violence at this demonstration failed. The protesters voiced their concerns, the vigil went as planned, and only three (3) individuals were arrested.

## The use of legitimate community organizations to advance a radical agenda.....

- Reliable sources have provided information to the Memphis Police Department that:
- NOLAN and KAAZ use the "Save the Greensward" movement as a cover to stage protests designed to reduce zoo attendance, and disrupt Memphis Zoo operations in an effort to close the Memphis Zoo.

Fergus NOLAN

Spencer KAAZ

KAAZ asked vetting question's of a UC. After the vetting questions access to NOLAN was granted.

# Fergus NOLAN

DOB:

Booking Number: 16116970

- On Monday, May 30, 2016 NOLAN was arrested when he blocked Zoo officials from parking cars in a grassy area of Overton Park designated for overflow parking. NOLAN was arrested with a female demonstrator named Maureen SPAIN (Booking Number 16204542).

Private Social Media group in which NOLAN wanted "hack" the zoo's computer system. Follow-up by OHS revealed that the e-commerce side of the zoo's webpage has been tampered with. Someone has corrupted the code on the ticket page that prevents purchasing tickets to zoo events. Per the zoo's IT department the tampering was deliberate. A mild inconvenience that was resolved with the vendor that manages the e-commerce site.

Fergus Noland's arrest ticket.

## Maureen SPAIN

DOB:

Booking Number: 16204542

- On Monday, May 30, 2016 SPAIN blocked the entrance to the Memphis Zoo. SPAIN ordered her two sons to also sit and block the entrance with her. Officers asked SPAIN to move from the entrance and take her two juvenile sons with her—SPAIN refused.
- SPAIN was arrested and charged with Criminal Trespass, Disorderly Conduct, Obstructing Highway Passageway, Reckless Endangerment, Resisting Official Detention.

The take away was supposed to be the MPD arrests a woman and her children that wanted to protest the zoo's use of the greensward.

## "Pick a target, freeze it, personalize it, and polarize it" .....

- The pattern discussed in this presentation is being played out in metropolitan areas all across the United States. Small groups of radical individuals are hijacking legitimate public groups that want to make improvements.
- These smaller radical groups use these peaceful demonstrations as opportunities to use violence and destruction to promote or advance their own agendas.

- Reliable sources state that KAAZ and GARNER are closely connected.
- GARNER'S connection to KAAZ is apparent on social media.
- GARNER is seldom seen at the these public demonstrations because GARNER'S goal is to be nominated to the C.L.E.R.B board.
- GARNER considers himself the spokesperson for C.L.E.R.B.

- Reliable sources also stated that the tactics this group uses is an effort to embarrass the Memphis Police Department, show images that pit the police department against legitimate community organizations, show images of the police arresting these demonstrators, and pit the police department against the citizens of Memphis.

Pick a target – MPD

Freeze it—Social media and media pictures with protesters on one side and the police on the other.

Personalize it—older people getting arrested by the police, young college students, women

Polarize— The MPD opposes groups that want to voice their concerns, unhappiness, displeasure... etc

## Conclusion:

- An expressed goal of one of these smaller radical groups is to embarrass law enforcement in order to undermine the bond between law enforcement and the community.
- For the most part these stratagems and these goals by these small groups of radical individuals have not worked in Memphis, Tennessee. The citizens of Memphis are aware that officers with the Memphis Police Department is not perfect, but officers are doing their best to reduce crime, allow the public to make their issues known, and maintain order.

Shortly after the Black Lives Matter (BLM) demonstration at the I-40 Bridge the Memphis Police Department received information of a demonstration at Graceland during Elvis week.

On Tuesday, July 12, 2016 dozens of protesters blocked Elvis Presley Blvd. MPD arrested six (6) individuals during this demonstration.

Keedran Franklin (Keedran TNT Franklin) identified himself as the leader of the demonstration.

# Blue Suede Shoes: Aug 15, 2016

- The Memphis Police Department received information from sources before, and during Elvis Week that a group of individuals wanted to use a protest on the night of the Elvis Presley Candlelight Vigil to incite violence.
- The information from these sources and real time information from plain clothes officers embedded in the demonstration suggested that a few members of this protest group intended to draw officers into a physical confrontation. This physical confrontation would be used to escalate the violence.
- Individuals were encouraged to bring cellphones and video cameras to capture officers arresting or assaulting protesters.
- Through extensive planning and preparation the plan to escalate the violence at this demonstration failed. The protesters voiced their concerns, the vigil went as planned, and only three (3) individuals were arrested.

tamisawyer Congressman Steve Cohen calling for cultural training for police officers. Says Black Lives Matter is doing important work. He is also addressing crack and marijuana sentencing disparities and calls for commuting sentences for people imprisoned under unfair sentencing guidelines. "The private prison industry is hatched in Tennessee and they are making a profit on people's lives." This...is what awareness and work look like.
