| 1  | your mouth  | 10:54:18 |

| 2  | A. Okay.  | 10:54:20 |
| 3  | Q in asking my question.                              | 10:54:20 |
| 4  | What percentage of your work was dedicated to         | 10:54:21 |
| 5  | the Office of Homeland Security?                      | 10:54:23 |
| 6  | A. That's tough because all kept me busy.             | 10:54:26 |
| 7  | Q. Yeah.  | 10:54:30 |
| 8  | A. There's information coming in. I'm                 | 10:54:31 |
| 9  | receiving. I'm feeding into it. I'm passing it on,    | 10:54:33 |
| 10 | moving it along, deciding if we need to supply        | 10:54:34 |
| 11 | resource and equipment to mitigate whatever comes up. | 10:54:37 |
| 12 | Comes to maybe 20, 25 percent maybe.                  | 10:54:40 |
| 13 | Q. Okay.  | 10:54:42 |
| 14 | A. And that's throwing it out there, so.              | 10:54:43 |
| 15 | Q. Focusing on the period between January 2016        | 10:54:45 |
| 16 | and when you left, was there a change in that         | 10:54:55 |
| 17 | percentage over time?                                 | 10:54:58 |
| 18 | A. Percentage of what?                                | 10:55:00 |
| 19 | Q. Of your time that was dedicated to OHS work.       | 10:55:02 |
| 20 | A. I would still say there was no change, and         | 10:55:08 |
| 21 | the reason was because of events that were            | 10:55:15 |
| 22 | transpiring across the country that actually elevated | 10:55:19 |
| 23 | the duties.   | 10:55:21 |
| 24 | Q. And I just want to make sure I heard you           | 10:55:22 |
| 25 | correctly. You said there was no change, or there     | 10:55:24 |
|    |   |          |

| 1  | was a change?  | 10:55:27 |
|----|--|----------|
| 2  | A. There was no change.                              | 10:55:27 |
| 3  | Q. No change. Yeah.                                  | 10:55:28 |
| 4  | A. Again, it was based upon what was going on in     | 10:55:29 |
| 5  | the country at that time.                            | 10:55:32 |
| 6  | Q. Okay. So who reported to you during your          | 10:55:32 |
| 7  | time at OHS? Or who reported to you relative to your | 10:55:38 |
| 8  | duties with OHS?                                     | 10:55:43 |
| 9  | A. With the Office of Homeland Security,             | 10:55:44 |
| 10 | initially it was Detective Stuart Frisch. And then   | 10:55:48 |
| 11 | Detective Tim Reynolds. Detective Stuart Frisch      | 10:55:55 |
| 12 | retired, took another job, and then we inherited     | 10:56:02 |
| 13 | Sergeant Ed Cornwell.                                | 10:56:06 |
| 14 | Q. Okay. And what were the positions what            | 10:56:07 |
| 15 | was Stuart Frisch's position?                        | 10:56:16 |
| 16 | A. He was an officer with the Office of Homeland     | 10:56:19 |
| 17 | Security.  | 10:56:23 |
| 18 | Q. And what about Sergeant Reynolds?                 | 10:56:23 |
| 19 | A. Same thing.                                       | 10:56:27 |
| 20 | Q. So in the structure of Homeland Security,         | 10:56:28 |
| 21 | they would have been on the same level?              | 10:56:32 |
| 22 | A. That's correct.                                   | 10:56:34 |
| 23 | Q. Okay.   | 10:56:34 |
| 24 | A. Both detectives.                                  | 10:56:35 |
| 25 | Q. Did anyone supervise Stuart Frisch and            | 10:56:36 |
|    |  |          |

| 1  | Detective Reynolds or Sergeant Reynolds?             | 10:56:42 |
| 2  | A. Prior to me inheriting them, they were            | 10:56:45 |
| 3  | assigned well, they worked out of the Real Time      | 10:56:47 |
| 4  | Crime Center's office. And the initial one was the   | 10:56:50 |
| 5  | division of lieutenant I can't think of his first    | 10:56:54 |
| 6  | name. He's a Major Ross but then Lieutenant Ross,    | 10:56:57 |
| 7  | over in Real Time Crime Center.                      | 10:57:01 |
| 8  | And because of his duties and they believe           | 10:57:04 |
| 9  | that it's part of Special Operations, what they      | 10:57:07 |
| 10 | where, they just went on and transcribed them under  | 10:57:08 |
| 11 | my responsibility.                                   | 10:57:12 |
| 12 | Q. And when did that happen?                         | 10:57:12 |
| 13 | A. When I got there.                                 | 10:57:13 |
| 14 | Q. Okay. And that was January 2016?                  | 10:57:15 |
| 15 | A. 2015.   | 10:57:18 |
| 16 | Q. 2015.   | 10:57:20 |
| 17 | A. Yes.  | 10:57:22 |
| 18 | Q. Was there anyone in the structure of OHS          | 10:57:23 |
| 19 | between you and the officers, as far as supervision, | 10:57:28 |
| 20 | after January 2015?                                  | 10:57:34 |
| 21 | A. I later included Major Freed, was then            | 10:57:35 |
| 22 | Lieutenant Freed. And Lieutenant Chandler.           | 10:57:41 |
| 23 | Q. And were they with OHS at the same time?          | 10:57:47 |
| 24 | A. Different times. Chandler first.                  | 10:57:55 |
| 25 | Q. Okay.   | 10:57:57 |
|    |  |          |

| 3  | information that they would put out regarding the     | 11:05:20 |
| 4  | potential to assemble here and there. And just make   | 11:05:23 |
| 5  | the respective precinct commanders aware, so that     | 11:05:26 |

| 10 | protests that had already occurred?                   | 11:05:40 |
| 11 | A. Such as?   | 11:05:42 |
| 12 | Q. Such as the Graceland protest or the Valero        | 11:05:47 |
| 13 | protest?  | 11:05:52 |
| 14 | A. If information came out that would identify        | 11:05:52 |

| 16 | yes, then that precinct would be put on notice.       | 11:05:59 |
| 17 | Q. Okay.  | 11:06:02 |
| 18 | A. There would be a possible protest at               | 11:06:03 |

| 20 | this may occur and blah, blah, blah.                  | 11:06:08 |

|----|---|----------|
| 2  | And based on information I had received from          | 11:37:40 |
| 3  | the team, it indicated that the potential for civil   | 11:37:42 |
| 4  | disorder was not going to materialize as by           | 11:37:45 |
| 5  | Mr. Gipson or Frank Gotti that was supposed to take   | 11:37:48 |
| 6  | place at a church at 843 West Raines at 8:30 in the   | 11:37:51 |
| 7  | morning. And it did not indicate or suggest a         | 11:37:56 |
| 8  | potential for social discord.                         | 11:37:56 |
| 9  | In this memo in this e-mail, rather, I put            | 11:37:58 |
| 10 | out that we would do everything to keep everybody     | 11:38:02 |
| 11 | apprised of pertinent information of the possibility. | 11:38:05 |

| 13 | communication you would send out regarding potential  | 11:38:10 |
| 14 | threats?  | 11:38:13 |
| 15 | A. Yes, ma'am.  | 11:38:13 |

| 17 | e-mail a response to the e-mail you sent on the first | 11:38:21 |
| 18 | page?   | 11:38:30 |
| 19 | A. Yes. This is a response from Colonel Mickey        | 11:38:31 |
| 20 | Williams of the Raines Station Precinct.              | 11:38:36 |
| 21 | Q. Okay. Do you recall this communication?            | 11:38:39 |
| 22 | A. Yes, ma'am.  | 11:38:40 |
| 23 | Q. Okay. And who is Mickey Williams?                  | 11:38:41 |

| 9  | vehicles were parked in the lot of 843 West Raines.   | 11:39:20 |
| 10 | Q. Okay. And this type of flow of information         | 11:39:25 |
| 11 | represented from the first e-mail, where you just     | 11:39:27 |
| 12 | testified you communicated out regarding potential    | 11:39:29 |
| 13 | threats and the precinct commander then being able to | 11:39:31 |
| 14 | act on your report, does that represent a typical or  | 11:39:37 |
| 15 | regular type of communication that you would have     | 11:39:44 |
| 16 | with precinct commanders and their response to it?    | 11:39:47 |
| 17 | A. Yes.   | 11:39:50 |

| 20 | But as time went because of our hours and we          | 11:57:45 |

| 13 | Q. Okay. So the Real Time Crime Center would          | 11:58:29 |
| 14 | monitor social media and then report to OHS?          | 11:58:32 |
| 15 | A. That's correct.                                    | 11:58:36 |
| 16 | Q. Okay.  | 11:58:36 |
| 17 | A. If there seemed to be something adverse that       | 11:58:37 |
| 18 | we need to be made aware of.                          | 11:58:41 |
| 19 | Q. Were they monitoring social media during this      | 11:58:43 |
| 20 | time that you just testified to on a regular basis?   | 11:58:45 |
| 21 | A. Well, our work hours were from 8:00 to 5:00.       | 11:58:50 |
| 22 | And after hours, well, we just didn't do much, unless | 11:58:51 |
| 23 | we were put on notice by some precinct commander.     | 11:58:54 |
| 24 | But to help us out after hours, we would              | 11:58:58 |
| 25 | reach out to Real Time Crime and just let them know,  | 11:59:02 |

| 1  | A. I just received a list of names.                  | 09:22:45 |
|----|--|----------|
| 2  | Q. When was the die-in? What was the date of         | 09:22:47 |
| 3  | that?  | 09:22:51 |
| 4  | A. I think it was December 19th, if I'm not          | 09:22:52 |
| 5  | mistaken, 2016.                                      | 09:22:54 |
| б  | Q. So turn to the second page. I guess, my           | 09:22:58 |
| 7  | question is, why were all of the names not listed on | 09:23:11 |
| 8  | one sheet? Is it just space, or were these executed  | 09:23:18 |
| 9  | at different times? Or why were there several of     | 09:23:23 |
| 10 | these authorizations?                                | 09:23:28 |
| 11 | A. Space.  | 09:23:29 |
| 12 | Q. So these were executed on the same date?          | 09:23:30 |
| 13 | These are contemporaneous?                           | 09:23:34 |
| 14 | A. I believe so.                                     | 09:23:35 |
| 15 | Q. And again, the names on page two here of          | 09:23:36 |
| 16 | Exhibit 1 those who sent you those names?            | 09:23:40 |
| 17 | A. Sergeant Reynolds.                                | 09:23:45 |
| 18 | Q. And you didn't personally investigate any of      | 09:23:47 |
| 19 | these people?  | 09:23:49 |
| 20 | A. No, sir.  | 09:23:50 |
| 21 | Q. Okay.   | 09:23:51 |
| 22 | MR. WELLFORD: Just for clarity of the                | 09:23:51 |
| 23 | record, I mean, because we don't have a Bates stamp, | 09:23:52 |
| 24 | the first two pages, front and back were executed on | 09:23:56 |
| 25 | the 4th. And then I think the third page front and   | 09:24:00 |

| 1  | the photograph on it, what is this document we're     | 09:38:12 |

| 2  | looking at here?                                      | 09:38:15 |
| 3  | A. This is a driver's license picture of Jasmine      | 09:38:16 |
| 4  | Garner with all of her pertinent information:         | 09:38:23 |
| 5  | Address, DL number, things like that.                 | 09:38:27 |
| 6  | Q. And Ms. Garner is one of the persons listed        | 09:38:31 |
| 7  | on the Authorization of Agency that's on the second   | 09:38:34 |
| 8  | page of this Exhibit?                                 | 09:38:41 |
| 9  | A. Yes.   | 09:38:42 |
| 10 | Q. Where does this record come from?                  | 09:38:42 |
| 11 | A. That was sent to me by Sergeant Reynolds. So       | 09:38:46 |
| 12 | I'm not sure where exactly it came from.              | 09:38:54 |
| 13 | Q. Is this something from the Tennessee               | 09:38:56 |
| 14 | Department of Safety or?                              | 09:38:59 |
| 15 | A. It's called when I was in traffic we used          | 09:39:00 |
| 16 | it, we would go to ties. A platform called ties.      | 09:39:05 |
| 17 | When we had traffic investigations and we would pull  | 09:39:10 |
| 18 | up this type of information. I'm not sure if it's     | 09:39:13 |
| 19 | the same platform that was used. But that's what I    | 09:39:16 |
| 20 | would use when I did those investigations.            | 09:39:19 |
| 21 | Q. So when you were in traffic if you pulled          | 09:39:21 |
| 22 | somebody over, a traffic infraction you could pull up | 09:39:24 |
| 23 | this information?                                     | 09:39:27 |
| 24 | A. Well, we used it for traffic fatalities. And       | 09:39:27 |
| 25 | that's what we used it for.                           | 09:39:32 |

| 3  | something you provided to your staff along with the,  | 09:39:48 |

| 12 | Was the entire email sent to you by Sergeant          | 09:40:16 |

1 Department? 2 Well, I bartended, and was in the military. Α. 3 What did you do in the military? Q. 4 Α. I was originally a military policeman and 5 became a Supply Corps Officer for the United States Navy, joined the Seabee Battalion and spent the rest 6 7 of my career as a Seabee. Okay. So in July of 2016, you were the 8 0. Sergeant over the -- no, in July 2016, tell me what 9 10 you were doing. 11 I was a Lieutenant. Α. 12 Lieutenant. And that was with the Office of Ο. 13 Homeland Security? 14 I was the Lieutenant over Air Support and the Α. 15 acting Lieutenant over Homeland Security. 16 What is the difference between a Lieutenant Q. 17 and acting Lieutenant? 18 So Homeland Security at the time did not Α. 19 have, for lack of a better word, a home. I talked 20 with then Deputy Chief Clete Knight and volunteered 21 to bring them Special Operations, put them under my 22 budget and be the Lieutenant, or acting supervisor, 23 for that end. My primary responsibility was Air 24 Support, and I took on responsibility of Homeland 25 Security.

1 0. So when did the office of Homeland Security 2 migrate to Special Operations? Phillip Penny left shortly after 15 me taking it over, and we asked for volunteers and 16 received Tim Reynolds. Then it was myself, Tim 17 Revnolds and Stewart Frish. Stewart Frish left. Ι 18 don't recall what date. He resigned from Memphis 19 Police Department to take a position St. Jude, and it 20 was left as Tim and I. Eventually, we did get 21 Phillip Penny back for a short period of time. 22 And so after -- do you recall when Penny left Q. 23 for the second time? 24 Not the exact date. I know that we were at a Α. 25 Homeland Security conference in middle Tennessee near

| 1  | A. I would say approximately two years.               |

| 5  | A. Would be Major Dow and Major Free.                 |
| 6  | Q. All right. How would you I want to talk a          |
| 7  | little bit about Homeland Security.                   |
| 8  | And how would you describe in July 2016,              |
| 9  | what was the Office of Homeland Security?             |
| 10 | A. So the Office of Homeland Security was             |
| 11 | originally designed to deal with threats to the       |
| 12 | Memphis Police Department or Memphis in general. We   |
| 13 | looked at national threats plus international         |
| 14 | threats. And as after an officer involved             |
| 15 | shooting that resulted in the death of a suspect, we  |
| 16 | had to retool due to recent events or certain events  |
| 17 | that were starting to take place that we needed to be |
| 18 | aware of.   |
| 19 | Q. And what were those events?                        |
| 20 | A. Those events were protests against the             |
| 21 | police, threats against police in retaliation for the |
| 22 | officer involved shooting.                            |
| 23 | Q. Okay. So the primary responsibility of the         |
| 24 | Office of Homeland Security were threats to law       |
| 25 | enforcement?  |
|    |   |

1 A. Correct.

2 Q. Okay. And so moving through the last half of 3 July 2016, did that mission change or did it stay the 4 same?

5 It essentially stayed the same. We continued Α. to monitor for threats to law enforcement. 6 However, we started looking at some of our local individuals 7 8 or groups that were staging protests. We had a duty 9 based on some of the counterprotests to keep them 10 safe as well as the citizenry of the populace of 11 Memphis safe. We had to change our stance to provide 12 that type of coverage for them.

Q. And what type of investigations did you dowith respect to the counterprotests?

15 A. Open source media through Facebook primarily.

16 Q. And what would that look like?

A. So we would go to a page, a Facebook page, and there would be a flyer. So they would put the flyer up there stating that a certain date that they would be staging a protest. We would contact the Permits Office to see if a permit had been pulled for that, and then we would look to see if there was to be counterprotests to that event.

Q. Okay. And how many -- in the last half of2016, how many events had counterprotests?

1 time.

2 Initially when we started the informational Α. 3 summary -- or the intelligence summary, it was on 4 what protests we know that were popping up around the city. It was to make the station or the precinct 5 6 where these things were occurring aware so that they 7 could develop an operational plan should these events become unruly or have civil discourse associated with 8 9 them. As time progressed, we started looking at more 10 national events as opposed to anything else, how it 11 had implications for Memphis Police Department. So 12 since Ferguson, when knew that Dallas had an ambush 13 where five officers were killed from a member who -radicalized member who claimed association with one 14 15 group or another.

Same thing in Baton Rouge. We have some of the same organizations here while have made no direct threat, we certainly have to be aware and change our stance so that we can keep ourselves safe as well as those that are assembling.

Q. And what organizations are those? When you said there are some people who associated with certain organizations, what organizations? A. Well, any of the organizations that arose out of Ferguson.

| 13 | my first question. I like to ask multiple questions,  |  |  |  |  |
| 14 | but I'm trying to limit myself.                       |  |  |  |  |
| 15 | Who is the audience for the JIB?                      |  |  |  |  |
| 16 | A. The audience initially was the command staff.      |  |  |  |  |
| 17 | Q. Okay. And did that change over time?               |  |  |  |  |
| 18 | A. It grew exponentially over time.                   |  |  |  |  |
| 19 | Q. Okay. And who made the decision about who          |  |  |  |  |
| 20 | reviewed the JIB?                                     |  |  |  |  |
| 21 | A. So the informational JIB contained                 |  |  |  |  |
| 22 | information that affected the whole of Shelby County. |  |  |  |  |

1 Α. So we received death threats from 2 unidentified sources from Facebook posts in 3 retaliation to the shooting. The shooting was controversial here in Memphis. We wanted to know 4 what implications that had to law enforcement, what 5 implications it had to the city of Memphis. 6 I'm finished with that exhibit. 7 Okay. T do 0. have one question not directly about the exhibit but 8 just before I move on. 9 10 Were you involved in the operational side of determining what to do based on social media itself? 11 12 So with regards to social media Α. No. 13 intelligence, we look for anything, like I said, 14 threats, any concerns for the city of Memphis from 15 the Memphis Police Department. Operational planning 16 was not going to be part of our deal. Basically what 17 we wanted to do was disseminate the information to 18 the appropriate precinct or station --19 Ο. Okay. 20 Α. -- where an event was occurring and let them 21 decide how best to respond if any response was 22 necessary. Okay. So in this example, the emails that we 23 Ο. 24 just went over, someone from the Real Time Crime 25 Center sent the original post?

| 22 | prior to all the events happening, if we had a        |  |  |  |  |

| 2  | A.  | I do.   |  |  |
| 3  | Q.  | Okay. And what is it?                         |  |  |
| 4  | A.  | It is an e-mail from myself to Major Bass     |  |  |
| 5  | regard  | ling the reports of a protest.                |  |  |
| б  | Q.  | And when you're doing okay.                   |  |  |
| 7  |   | And so as a result of those reports, what did |  |  |
| 8  | you do  | )?  |  |  |
| 9  | А.  | I jumped in the helicopter and went to        |  |  |
| 10 | Collie  | erville to see if I could find anybody.       |  |  |
| 11 | Q.  | Did you work with Collierville often as       |  |  |
| 12 | A.  | So we're part of HIDEA.                       |  |  |
| 13 | Q.  | Okay.   |  |  |
| 14 | A.  | And we're support for Collierville,           |  |  |
| 15 | Germantown, Tipton County, Fayette County, parts of |   |  |  |
| 16 | Arkans  | as, parts of Mississippi under the HIDEA.     |  |  |
| 17 | Q.  | What is that? What is HIDEA?                  |  |  |
| 18 | A.  | Highway Drug Enforcement Act I think. I       |  |  |
| 19 | can't   | remember exactly what all it stands for.      |  |  |
| 20 | Q.  | And when you say we, do you mean that Air     |  |  |
| 21 | Suppor  | rt?   |  |  |
| 22 | Α.  | Air Support.                                  |  |  |
| 23 | Q.  | Okay. And all right.                          |  |  |
| 24 |   | And so was this a confirmed protest?          |  |  |
| 25 | Α.  | I believe just from my recollection without   |  |  |
|    |   |   |  |  |

| 1  | And so when I receive an application or when          | 09:25:18 |
|----|---|----------|
| 2  | we receive an application, we immediately distribute  | 09:25:21 |
| 3  | it to several groups that may be affected by what's   | 09:25:24 |
| 4  | going on, for their review and/or comment. That       | 09:25:32 |
| 5  | would be MPD Special Events, which assigns police for | 09:25:37 |
| 6  | traffic control and that kind of stuff                | 09:25:47 |
| 7  | Q. Yeah.  | 09:25:49 |
| 8  | A and manpower. And I send it to the                  | 09:25:49 |
| 9  | Transit Authority. And now we've started sending it   | 09:25:52 |
| 10 | also to FedExForum when there are events downtown.    | 09:25:56 |
| 11 | Q. Okay. And so when you send that out to             | 09:26:04 |
| 12 | those is there anybody else you send it to,           | 09:26:09 |
| 13 | routinely?  | 09:26:11 |
| 14 | A. No.  | 09:26:12 |
| 15 | Q. Okay.  | 09:26:12 |
| 16 | A. Not initially.                                     | 09:26:12 |
| 17 | Q. Okay. So when you send that out to them,           | 09:26:14 |
| 18 | that's before you've approved the application?        | 09:26:17 |
| 19 | A. That's correct.                                    | 09:26:19 |
| 20 | Q. Okay. What kind of I mean, do they then            | 09:26:19 |
| 21 | send you some kind of feedback or?                    | 09:26:28 |
| 22 | A. Yes. Special Events will send either will          | 09:26:30 |
| 23 | say, you know, what they call is approved. And then   | 09:26:34 |
| 24 | they may say approved with no cost. Approved, it may  | 09:26:36 |
| 25 | require a hundred dollars extra over time or          | 09:26:43 |
|    |   |          |

| 7  | A. Yes.  | 09:27:00 |  |  |
| 8  | Q. And what are the reasons they can do that?      | 09:27:00 |  |  |

| 13 | Q. Okay.   | 09:27:12 |  |  |
| 14 | A. Okay.   | 09:27:13 |  |  |

| 16 | they have to write anything to explain why they're | 09:27:20 |  |  |

| 22 | gotten a denial from the Special Events?           | 09:27:37 |  |  |
| 23 | A. For manpower or two events happening at the     | 09:27:39 |  |  |
| 24 | same location at the same time. We just had that   | 09:27:47 |  |  |

| 14 | A. What is that? I mean, I don't remember what        | 09:50:33 |
| 15 | that meant, but okay.                                 | 09:50:35 |
| 16 | Q. I mean, the applicant is describing this as a      | 09:50:35 |
| 17 | protest, so that would be something you would look    | 09:50:38 |
| 18 | and at and go, "Well, I need to forward this on"?     | 09:50:41 |
| 19 | A. Uh-huh.  | 09:50:45 |
| 20 | Q. Okay. Was this something that you were asked       | 09:50:46 |
| 21 | to do or something you initiated?                     | 09:50:47 |
| 22 | A. No. I did this on my own.                          | 09:50:50 |
| 23 | Q. Okay.  | 09:50:51 |
| 24 | MR. CASTELLI: Let's take a couple-minute              | 09:51:34 |

| 3  | By the same token, if a question calls for           | 13:04:21 |
| 4  | like a yes or no answer, there's kind of a natural   | 13:04:23 |
| 5  | instinct to shake your head or nod your head or to   | 13:04:26 |
| 6  | say uh-huh. That doesn't come out well on a          | 13:04:30 |

| 10 | If you don't understand a question that I            | 13:04:44 |

| 12 | you don't understand it or you're not sure what I'm  | 13:04:50 |
| 13 | asking. If you don't tell me that, I won't know, and | 13:04:52 |
| 14 | so I'm going to assume that you understand my        | 13:04:57 |
| 15 | question and that the answer you're providing is     | 13:04:59 |
| 16 | accurate based on that.                              | 13:05:01 |
| 17 | We shouldn't be too long today, but if you do        | 13:05:04 |
| 18 | need a break, that's fine. Just ask that you answer  | 13:05:07 |
| 19 | whatever question I've asked. If there's a question  | 13:05:11 |
| 20 | out on the table, that you provide the answer before | 13:05:13 |
| 21 | we break.  | 13:05:16 |
| 22 | A. Okay.   | 13:05:16 |
| 23 | Q. Does all of that make sense?                      | 13:05:16 |

| 1  | current role with the Memphis Police Department is. | 13:05:22 |
|----|---|----------|
| 2  | A. So I am the video surveillance manager. I        | 13:05:25 |
| 3  | manage the City's, excuse me the Police             | 13:05:30 |
| 4  | Department's video surveillance network. Also, I    | 13:05:32 |
| 5  | manage the City of Memphis's access controls, you   | 13:05:36 |
| 6  | know, for the City. So that encompasses video       | 13:05:37 |
| 7  | cameras, access controls, mobile trailers, mobile   | 13:05:41 |
| 8  | units, blue light cameras.                          | 13:05:46 |
| 9  | Q. So when you say "access control," can you        | 13:05:49 |
| 10 | explain to me what that means.                      | 13:05:52 |
| 11 | A. Just card access control in the buildings.       | 13:05:53 |
| 12 | Q. Okay. So like the ability to get in and out      | 13:05:57 |
| 13 | of is that just Memphis police buildings?           | 13:06:03 |
| 14 | A. Yes.   | 13:06:04 |
| 15 | Q. Okay. As then as far as the type of cameras      | 13:06:04 |
| 16 | that you manage, can you kind of go through each    | 13:06:09 |
| 17 | or list for me each type of camera?                 | 13:06:12 |
| 18 | A. Sure. So we have pole cameras, obviously.        | 13:06:14 |
| 19 | We have mobile trailers that have cameras on them.  | 13:06:18 |
| 20 | We have solar towers that have cameras on them. And | 13:06:23 |
| 21 | then we have cameras that are mounted on buildings, | 13:06:26 |
| 22 | as well as a Real Time Crime Center van, which is a | 13:06:32 |
| 23 | mobile surveillance unit as well.                   | 13:06:32 |
| 24 | Q. So pole cameras. What type of is that a          | 13:06:36 |
| 25 | utility pole or a different type of pole?           | 13:06:43 |

| 1  | A. It's a utility pole. Most of the time a          | 13:06:46 |
|----|---|----------|
| 2  | concrete standard light pole or a wooden utility    | 13:06:49 |
| 3  | pole.   | 13:06:53 |
| 4  | Q. Okay. And then the mobile trailers, could        | 13:06:53 |
| 5  | you describe those for me.                          | 13:07:02 |
| 6  | A. So they're not much bigger than what a like      | 13:07:02 |
| 7  | four-wheeler trailer would be, that you put a       | 13:07:03 |
| 8  | four-wheeler on. It's a mobile trailer system. It   | 13:07:05 |
| 9  | has a tower that extends in the air. Cameras are on | 13:07:07 |
| 10 | it. It has a solar system that runs it with         | 13:07:11 |
| 11 | batteries, and the system records, and then also we | 13:07:15 |
| 12 | can access it live at the Real Time Crime Center.   | 13:07:18 |
| 13 | Q. Are those the trailers sometimes called          | 13:07:20 |
| 14 | "SkyCops"?  |          |
| 15 | A. They are referred to as "SkyCops." That's        | 13:07:24 |
| 16 | actually the name of the vendor who builds them.    | 13:07:26 |
| 17 | Q. Okay.  | 13:07:29 |
| 18 | A. But we call them, you know, MPD cameras.         | 13:07:30 |
| 19 | Q. And they're how are they moved from place        | 13:07:33 |
| 20 | to place?   | 13:07:39 |
| 21 | A. Like a truck, we move them from a truck or       | 13:07:40 |
| 22 | Q. Yeah. They're carried by another vehicle?        | 13:07:44 |
| 23 | A. Correct.   | 13:07:48 |
| 24 | Q. Okay.  | 13:07:48 |
| 25 | A. We just pull them by a truck.                    | 13:07:48 |
|    |   |          |

| 1  | Q. Okay. And are you what's your role in              | 13:07:50 |
|----|---|----------|
| 2  | deciding or in where those cameras are positioned?    | 13:07:51 |
| 3  | A. The role in where those cameras are moved          | 13:07:55 |
| 4  | around really just comes from either request from the | 13:08:04 |
| 5  | colonels of the precincts or a chief or crime         | 13:08:04 |
| 6  | statistics, you know, data driven, areas need to be   | 13:08:06 |

| 8  | Q. So when it's data driven, who makes the            | 13:08:11 |
| 9  | determination that cameras need to be put out in a    | 13:08:16 |
| 10 | particular area based on that data?                   | 13:08:21 |
| 11 | A. The Real Time Crime Centers, Crime Analysis        | 13:08:23 |
| 12 | Unit.   | 13:08:26 |
| 13 | Q. Okay. Is there a particular individual who         | 13:08:26 |
| 14 | instructs you on where these cameras need to go, or   | 13:08:29 |
| 15 | is it multiple people?                                | 13:08:33 |
| 16 | A. It's just multiple people from the unit.           | 13:08:33 |
| 17 | Q. Okay. Would this be some of the would              | 13:08:35 |
| 18 | I know that there are civilians that work in the Real | 13:08:37 |
| 19 | Time Crime Center; is that right?                     | 13:08:41 |
| 20 | A. Yes.   | 13:08:41 |
| 21 | Q. Would they be able to tell you where cameras       | 13:08:42 |
| 22 | should be placed?                                     | 13:08:45 |

| 24 | Q. Okay.  | 13:08:48 |
| 25 | A. And then come to me.                               | 13:08:49 |

| 18 | you?  | 13:09:40 |
| 19 | A. There are three people on our team, yes.       | 13:09:41 |
| 20 | Q. Okay. Who are they?                            | 13:09:44 |
| 21 | A. It would be Officer Hoyt, Officer Jones, and   | 13:09:46 |
| 22 | Officer Oftencamp.                                | 13:09:52 |
| 23 | Q. And what are well, let's talk do they          | 13:09:53 |
| 24 | all have the same responsibility, or do they have | 13:10:00 |
| 25 | different responsibilities?                       | 13:10:02 |
|    |   |          |

| 1  | A. Officer Hoyt is mainly our trailer guy. He         | 13:10:03 |
|----|---|----------|
| 2  | moves the trailers. He performs the maintenance on    | 13:10:08 |
| 3  | them. Officer Oftencamp and Officer Jones work        | 13:10:10 |
| 4  | closely with me repairing cameras, maintenance on the | 13:10:14 |
| 5  | system, whatever has to be done.                      | 13:10:18 |
| 6  | Q. Okay. Going back to the different types of         | 13:10:19 |
| 7  | cameras, the pole cameras. How is it determined       | 13:10:25 |
| 8  | whether to place a camera on a pole?                  | 13:10:31 |
| 9  | A. So we put out cameras in three different           | 13:10:33 |
| 10 | fashions. One being grant oriented. So specifically   | 13:10:38 |
| 11 | targeted for certain whatever the grant was for.      | 13:10:43 |
| 12 | We also put out sentinel cameras which are cameras    | 13:10:46 |
| 13 | provided by the City Council every year. They are     | 13:10:51 |
| 14 | data driven and put out in areas within their         | 13:10:54 |
| 15 | districts. They're split up among the seven           | 13:10:57 |
| 16 | councillor districts, and we put those out based on   | 13:11:02 |
| 17 | data. And then private donations from neighborhoods,  | 13:11:03 |
| 18 | city neighborhoods, citizens or businesses. And       | 13:11:06 |
| 19 | we put those out based on their request with a        | 13:11:07 |
| 20 | donation.   | 13:11:12 |
| 21 | Q. With regard to grant cameras, can you give me      | 13:11:13 |
| 22 | an example of like a grant that would be involved in  | 13:11:18 |
| 23 | placement of a pole camera?                           | 13:11:21 |
| 24 | A. Sure. A lot of our cameras along the river         | 13:11:22 |
| 25 | are from the Port Security Grant, which is a Coast    | 13:11:24 |
|    |   |          |

| 1  | Guard funded grant.                                   | 13:11:26 |
|----|---|----------|
| 2  | Q. Okay. And then you had mentioned the               | 13:11:27 |
| 3  | sentinel  | 13:11:30 |
| 4  | A. Yes.   | 13:11:30 |
| 5  | Q cameras that are data driven. Is that               | 13:11:31 |
| 6  | data from the RTCC?                                   | 13:11:34 |
| 7  | A. Yes.   | 13:11:35 |
| 8  | Q. Okay. So kind of the same in I guess               | 13:11:36 |
| 9  | similar to the placement of the mobile trailers as    | 13:11:41 |
| 10 | far as data driven placement?                         | 13:11:44 |
| 11 | A. Correct. We take hot spots and put them out        | 13:11:45 |
| 12 | based on those.                                       | 13:11:49 |
| 13 | Q. So correct me if I'm wrong here, but my            | 13:11:49 |
| 14 | assumption would be you might data might show that    | 13:11:51 |
| 15 | a camera would be needed in a certain area, you might | 13:11:55 |
| 16 | assign a mobile unit for that, and if the data        | 13:11:58 |
| 17 | continues to show it, it might warrant placing a      | 13:12:01 |
| 18 | permanent camera?                                     | 13:12:05 |
| 19 | A. Exactly.   | 13:12:06 |
| 20 | Q. Okay. What are the solar tower cameras?            | 13:12:07 |
| 21 | Describe that for me.                                 | 13:12:12 |
| 22 | A. It's basically two solar panels with a tower.      | 13:12:13 |
| 23 | They were built excuse me. They were purchased on     | 13:12:15 |
| 24 | a grant as well for in case we lost power to the      | 13:12:18 |
| 25 | grid, we had a natural disaster or a terrorist        | 13:12:19 |
|    |   |          |

| 1  | attack. We would be able to put these out and still   | 13:12:24 |  |
|----|---|----------|--|
| 2  | secure and can make they also serve as radio          | 13:12:26 |  |
| 3  | repeaters, so we could be able to secure and use      |          |  |
| 4  | these things for a scenario that we needed to without | 13:12:31 |  |
| 5  | having access to the grid.                            | 13:12:33 |  |
| 6  | Q. Are they placed around the city, or are they       | 13:12:35 |  |
| 7  | like a reserve in case?                               | 13:12:38 |  |
| 8  | A. Reserve basically.                                 | 13:12:39 |  |
| 9  | Q. Okay.  | 13:12:40 |  |
| 10 | A. We have some just out so that we don't have        | 13:12:40 |  |
| 11 | them all in the same place, but they're basically     | 13:12:43 |  |
| 12 | reserve.  |          |  |
| 13 | Q. All right. The cameras on buildings, can you       | 13:12:46 |  |
| 14 | tell me how it's decided which building should get a  | 13:12:52 |  |
| 15 | camera?   | 13:12:56 |  |
| 16 | A. Just optimal view. Most of the time they're        | 13:12:56 |  |
| 17 | on high high-rise buildings. Best views. Also         | 13:12:59 |  |
| 18 | we, you know, place radio repeaters up there as well. | 13:13:02 |  |
| 19 | Q. Are those I mean, I would assume you would         | 13:13:04 |  |
| 20 | have to have the owner of the building's consent to   | 13:13:08 |  |
| 21 | put the camera on there?                              | 13:13:11 |  |
| 22 | A. Absolutely.  | 13:13:12 |  |
| 23 | Q. Are those also funded like the private             | 13:13:13 |  |
| 24 | donation pole cameras?                                |          |  |
| 25 | A. I don't recall a private donation camera on a      | 13:13:17 |  |

| 1  | particular building because they usually go on poles, | 13:13:22 |
|----|---|----------|
| 2  | utility poles, but definitely grant-funded cameras    | 13:13:25 |
| 3  | have been on buildings.                               |          |
| 4  | Q. And do you have a role at all in deciding          | 13:13:30 |
| 5  | where any of the pole cameras or the building cameras | 13:13:37 |
| 6  | are placed?   |          |
| 7  | A. I do not. I just                                   | 13:13:44 |
| 8  | Q. You put them where they tell you to put them?      | 13:13:45 |
| 9  | A. Yes.   | 13:13:48 |
| 10 | Q. And the same question: Do you have any role        | 13:13:49 |
| 11 | in determining where the mobile cameras are placed?   | 13:13:54 |
| 12 | A. I do not.  | 13:13:57 |
| 13 | Q. Can you describe the van to me.                    | 13:13:58 |
| 14 | A. So the van is a repurposed DUI mobile unit.        | 13:14:04 |
| 15 | It was sat abandoned for many years. We took it       | 13:14:10 |
| 16 | and we converted it into a mobile command van, like a | 13:14:12 |
| 17 | miniature command van. And we put cameras around it   | 13:14:17 |
| 18 | inside and out excuse me outside only, to be          | 13:14:21 |
| 19 | able just to move around and not have to take the     | 13:14:24 |
| 20 | large-scale command van that's just like a full-size  | 13:14:27 |
| 21 | RV.   | 13:14:30 |
| 22 | Q. Uh-huh.  | 13:14:30 |
| 23 | A. So the idea was if something needed to be          | 13:14:31 |
| 24 | looked upon or going into a situation, we could       | 13:14:35 |
| 25 | easily move it around and not have to have that large | 13:14:37 |
|    |   |          |

| 1  | footprint of a large command van.                    | 13:14:40 |
|----|--|----------|
| 2  | Q. How many cameras are on the van?                  | 13:14:42 |
| 3  | A. Five.   | 13:14:44 |
| 4  | Q. And can you tell me where those cameras are?      | 13:14:45 |
| 5  | A. All four sides and then a PTZ on the backside     | 13:14:49 |
| 6  | as well.   |          |
| 7  | Q. And what's a PTZ?                                 | 13:14:54 |
| 8  | A. Pan-tilt-zoom camera.                             | 13:14:56 |
| 9  | Q. And what is that? What's the functionality        | 13:14:58 |
| 10 | of a pan-tilt-zoom camera?                           | 13:14:59 |
| 11 | A. So there's two types of cameras. Fixed            | 13:14:59 |
| 12 | cameras, where you just put them out, and they       | 13:14:59 |
| 13 | don't you can't manipulate the scene. You can't      | 13:15:02 |
| 14 | zoom in or out or move it around. And then there's a | 13:15:06 |
| 15 | PTZ where it's a dome camera, where you can move it  | 13:15:08 |
| 16 | around and zoom in and out. So you're not fixed on a |          |
| 17 | certain location.                                    | 13:15:12 |
| 18 | Q. So the cameras that are on the four sides of      | 13:15:13 |
| 19 | the van, those are fixed cameras?                    | 13:15:18 |
| 20 | A. Yes.  | 13:15:19 |
| 21 | Q. The pole cameras, are those fixed cameras, or     | 13:15:20 |
| 22 | are they different?                                  | 13:15:23 |
| 23 | A. Combination of both.                              | 13:15:24 |
| 24 | Q. Okay. And the same with what about the            | 13:15:26 |
| 25 | mobile trailers? Are those fixed or are those I      | 13:15:31 |
|    |  |          |

# Case 2:17-cv-02120-JPM-egb Document 107-52 Filed 07/24/18 Page 15 of 26 PageID Confidential

| 1  | mean, obviously the trailers aren't fixed.           | 13:15:34 |  |
|----|--|----------|--|
| 2  | A. Right.  | 13:15:34 |  |
| 3  | Q. But the cameras on those trailers, are they       | 13:15:36 |  |
| 4  | fixed, or are they capable of movement?              | 13:15:39 |  |
| 5  | A. They utilize both types.                          | 13:15:42 |  |
| 6  | Q. Okay. Is that like dependent just on what         | 13:15:44 |  |
| 7  | was purchased?                                       | 13:15:46 |  |
| 8  | A. Correct.  | 13:15:47 |  |
| 9  | Q. Do you know well, the building cameras,           | 13:15:47 |  |
| 10 | are those typically are those fixed, PTZ or a        | 13:15:55 |  |
| 11 | combination of both?                                 | 13:16:01 |  |
| 12 | A. Usually those are PTZs.                           | 13:16:02 |  |
| 13 | Q. Okay. So all of these cameras, do they as         | 13:16:05 |  |
| 14 | far as the live feed from these cameras, how is that | 13:16:21 |  |
| 15 | monitored?   |          |  |
| 16 | A. So we don't monitor we don't monitor all          | 13:16:28 |  |
| 17 | of our cameras at one time.                          | 13:16:32 |  |
| 18 | Q. You've got a lot of cameras.                      | 13:16:34 |  |
| 19 | A. Right. So we just pull video on demand            | 13:16:36 |  |
| 20 | whenever there's a need to, or we need to pull that  | 13:16:36 |  |
| 21 | video, recorded video we record video on the Edge    | 13:16:41 |  |
| 22 | on all of our pole cameras. We do not essentially    | 13:16:43 |  |
| 23 | bring it back to our Crime Center.                   | 13:16:47 |  |
| 24 | Q. Okay.   | 13:16:49 |  |
| 25 | A. So we only view video when there's a demand       | 13:16:50 |  |
|    |  |          |  |

| 11 | A. No.  | 13:17:08 |
| 12 | Q. That's really disappointing, because it's          | 13:17:08 |
| 13 | just a cool image, but                                | 13:17:10 |
| 14 | A. Yes.   | 13:17:13 |
| 15 | Q. What about the mobile trailers, are those          | 13:17:13 |
| 16 | you know, is that the same as the pole cameras as far | 13:17:16 |
| 17 | as how they're monitored?                             | 13:17:20 |
| 18 | A. Same setup. They're recording at that              | 13:17:22 |
| 19 | trailer. We can see them live at any time, but we     | 13:17:24 |
| 20 | only pull them up on demand.                          | 13:17:28 |
| 21 | Q. Okay. And the building cameras?                    | 13:17:30 |
| 22 | A. Same same scenario.                                | 13:17:35 |
| 23 | Q. All right. The van, the cameras in the van,        | 13:17:36 |
| 24 | do those feed back to the RTCC? Can someone in the    | 13:17:37 |

| 15 | to operate the van? |   |          |
| 16 | Α.                  | It's so one can operate it. We like for       | 13:18:14 |
| 17 | two to be in it.    |   | 13:18:16 |
| 18 | Q.                  | Okay. And so that would be you, Officers      | 13:18:17 |

| 20 | Α.                  | Yes.  | 13:18:25 |
| 21 | Q.                  | That can operate it?                          | 13:18:25 |
| 22 | A.                  | Yes.  | 13:18:25 |
| 23 | Q.                  | Are there any other officers that are able to | 13:18:25 |

| 25 | Α.                  | Not at this time.                             | 13:18:32 |

| 1  | Q. All right. What about in well, let me ask         | 13:18:33 |
|----|--|----------|
| 2  | you, how long have you been in your current role?    | 13:18:39 |
| 3  | A. Just about eight years.                           | 13:18:41 |
| 4  | Q. Okay. When did you get the van?                   | 13:18:43 |
| 5  | A. I think it was a couple of years ago.             | 13:18:47 |
| 6  | Summer, a couple, two years ago.                     | 13:18:49 |
| 7  | Q. Since you've gotten the van, have there been      | 13:18:52 |
| 8  | other people other than the four, you and your three | 13:18:56 |
| 9  | officers that have been operated the van?            | 13:18:59 |
| 10 | A. No.   | 13:19:01 |
| 11 | Q. Okay. With regard to going back, I guess,         | 13:19:01 |
| 12 | to the top of our list with the pole cameras. Where  | 13:19:13 |
| 13 | is the data that the camera is recording? Where is   |          |
| 14 | that stored physically?                              |          |
| 15 | A. At the camera.                                    | 13:19:23 |
| 16 | Q. Okay.   | 13:19:24 |
| 17 | A. Yeah.   | 13:19:24 |
| 18 | Q. Is that data ever brought back to another         | 13:19:24 |
| 19 | location or downloaded in any way?                   | 13:19:27 |
| 20 | A. Only if it's requested.                           | 13:19:29 |
| 21 | Q. Okay. What's the retention time period for        | 13:19:30 |
| 22 | video recording on those cameras?                    |          |
| 23 | A. It varies greatly depending on how many           | 13:19:41 |
| 24 | cameras and the size of the hard drive.              | 13:19:46 |
| 25 | Q. Okay.   | 13:19:46 |
|    |  |          |

| 1  | A. And how busy the scene is.                         | 13:19:49 |  |
|----|---|----------|--|
| 2  | Q. Do the cameras record, the pole cameras in         | 13:19:51 |  |
| 3  | particular, do they record like 24/7, or do they      |          |  |
| 4  | record or do they have motion sensors or things       | 13:19:55 |  |
| 5  | like that?  |          |  |
| 6  | A. It's a combination of both depending on how        | 13:19:59 |  |
| 7  | it is. Majority of them are 24 hours.                 | 13:20:02 |  |
| 8  | Q. Okay. There's just a difference in what            | 13:20:04 |  |
| 9  | technology what's purchased for that particular       | 13:20:06 |  |
| 10 | camera?   | 13:20:09 |  |
| 11 | A. That's correct.                                    | 13:20:09 |  |
| 12 | Q. Okay. So I would take it that the 24-hour          | 13:20:10 |  |
| 13 | recording cameras, there's a lot more activity;       |          |  |
| 14 | there's a lot more data that they're recording than   |          |  |
| 15 | the ones that only record at certain times?           |          |  |
| 16 | A. That's correct.                                    | 13:20:25 |  |
| 17 | Q. How do you access if there is a reason to          | 13:20:25 |  |
| 18 | save data from one of the pole cameras, how is that   | 13:20:35 |  |
| 19 | access achieved?                                      | 13:20:38 |  |
| 20 | A. Most of the time it's remotely. Using the          | 13:20:40 |  |
| 21 | software at the Crime Center, reaches out, pulls down | 13:20:43 |  |
| 22 | the video if it's requested and then stored.          | 13:20:46 |  |
| 23 | Q. If there's a point in time where you access        | 13:20:48 |  |
| 24 | like an on demand to see the live feed of a pole      | 13:20:52 |  |
| 25 | camera, is that automatically backed up somewhere and | 13:20:57 |  |
|    |   |          |  |

| 1  | recorded, or would you have to pull it off the       | 13:20:59 |
| 2  | camera?  | 13:21:02 |
| 3  | A. So it's always recording whether or not we're     | 13:21:02 |
| 4  | watching it or not.                                  | 13:21:05 |
| 5  | Q. Yeah.   | 13:21:06 |
| 6  | A. So if we're doing live demand, it's still         | 13:21:06 |
| 7  | recording anyway.                                    | 13:21:10 |
| 8  | Q. Yeah. I guess let me maybe rephrase my            | 13:21:11 |
| 9  | question.  | 13:21:13 |
| 10 | A. Sure.   | 13:21:13 |
| 11 | Q. Because what I'm trying to understand is if       | 13:21:14 |
| 12 | you when you flip on whatever you flip on to view    | 13:21:16 |
| 13 | the what that camera is recording at that moment,    | 13:21:20 |
| 14 | is would that trigger it to store that data          | 13:21:27 |
| 15 | somewhere else other than on the camera?             | 13:21:30 |
| 16 | A. No.   | 13:21:32 |
| 17 | Q. Okay. You would still have to remote into         | 13:21:32 |
| 18 | that camera and gather that data if you wanted to do | 13:21:37 |
| 19 | that?  | 13:21:41 |
| 20 | A. Correct.  | 13:21:41 |
| 21 | Q. Do some of the pole cameras require an            | 13:21:41 |
| 22 | on-site in order to download?                        | 13:21:44 |
| 23 | A. If there's a connectivity issue, sometimes        | 13:21:48 |
| 24 | yes. If the time frame is a long time frame and      | 13:21:53 |
| 25 | there would be a lot of data, then yes, we'll go out | 13:21:55 |
|    |  |          |

| 1  | to the camera itself and pull it.                   | 13:21:58 |
|----|---|----------|
| 2  | Q. Okay. Are there any cameras that you have to     | 13:22:00 |
| 3  | go out to, there's just there's no way to remote    | 13:22:04 |
| 4  | in and download the data?                           | 13:22:06 |
| 5  | A. No.  | 13:22:09 |
| 6  | Q. Okay. Moving on to the mobile trailers. How      | 13:22:09 |
| 7  | is the data stored for the mobile trailers?         | 13:22:16 |
| 8  | A. Just like our pole cameras. Everything is        | 13:22:19 |
| 9  | recorded at the Edge. So there's a recorder in the  | 13:22:22 |
| 10 | trailers and they record there.                     | 13:22:25 |
| 11 | Q. And what is there a standard retention           | 13:22:26 |
| 12 | time for that data?                                 | 13:22:28 |
| 13 | A. We don't have a standard. We like to keep        | 13:22:30 |
| 14 | we'd like to be able to video the last 30 days.     | 13:22:33 |
| 15 | Q. Okay. Is it something where if it hasn't         | 13:22:37 |
| 16 | been pulled off the hard drive on the trailer, it   | 13:22:40 |
| 17 | will start rewriting itself                         | 13:22:44 |
| 18 | A. Yes.   | 13:22:45 |
| 19 | Q or writing over it?                               | 13:22:46 |
| 20 | Are the cameras of the mobile trailers, when        | 13:22:48 |
| 21 | they're deployed, filming 24/7, or are they filming | 13:22:51 |
| 22 | at different times?                                 | 13:22:55 |
| 23 | A. 24/7.  | 13:22:56 |
| 24 | Q. Okay. How are they activated?                    | 13:22:57 |
| 25 | A. Define "activated."                              | 13:23:00 |
|    |   |          |

### Case 2:17-cv-02120-JPM-egb Document 107-52 Filed 07/24/18 Page 22 of 26 PageID Confidential

| 1  | Q. Okay. Well, once you deploy I guess just        | 13:23:02 |
|----|--|----------|
| 2  | walk me through. Once you like decide where you're | 13:23:05 |
| 3  | going to put a trailer and you get it out to that  | 13:23:07 |
| 4  | location, what do you do to set it up?             | 13:23:09 |
| 5  | A. Okay. So we just go out there. We turn on       | 13:23:12 |
| б  | the trailer. We raise the boom up. We set the      | 13:23:14 |
| 7  | cameras on whatever we need to whatever the scene  | 13:23:18 |
| 8  | is, and we just it just starts recording.          | 13:23:19 |
| 9  | Q. And once it's on and starts recording, is       | 13:23:22 |
| 10 | there a way to remotely stop recording?            | 13:23:27 |
| 11 | A. You would have to go into the bios of the DVR   | 13:23:31 |
| 12 | and tell it to stop recording.                     | 13:23:37 |
| 13 | Q. So is that something that can be done from      | 13:23:39 |
| 14 | the RTCC? 13:23                                    |          |
| 15 | A. Could be.                                       | 13:23:42 |
| 16 | Q. Or is that something that has to be done at     | 13:23:43 |
| 17 | the actual physical location in the trailer?       | 13:23:45 |
| 18 | A. Both.   | 13:23:47 |
| 19 | Q. Okay. Is there any kind of policies on when,    | 13:23:48 |
| 20 | specifically with regard to trailers, when they    | 13:23:58 |
| 21 | should be recording?                               | 13:24:00 |
| 22 | A. No.   | 13:24:01 |
| 23 | Q. Okay. You've used the phrase a couple times     | 13:24:03 |
| 24 | "recorded at the Edge." Am I getting that right?   | 13:24:09 |
| 25 | A. Yes.  | 13:24:11 |
|    |  |          |

Г

| 1  | Q. Can you just define that for me.                   | 13:24:11 |
|----|---|----------|
| 2  | A. So you have a centralized server where all         | 13:24:13 |
| 3  | feeds are brought back into the central location and  | 13:24:16 |
| 4  | recorded, or you record everything at the Edge, which | 13:24:18 |
| 5  | means everything at a pole camera, a trailer camera   | 13:24:20 |
| 6  | is the recorder is there. It's recording there.       | 13:24:24 |
| 7  | It's not streaming it back into a central location.   | 13:24:27 |
| 8  | Q. With regard to the building cameras, are they      | 13:24:29 |
| 9  | also recorded at the Edge, or are they streaming      | 13:24:38 |
| 10 | back?   | 13:24:44 |
| 11 | A. Almost our entire network is recorded at the       | 13:24:44 |
| 12 | Edge.   | 13:24:47 |
| 13 | Q. Okay. And then the van as well, is that            | 13:24:47 |
| 14 | something that's housed in the van as far as 13:24:   |          |
| 15 | recording? 13:24:54                                   |          |
| 16 | A. Yes. It's an Edge recorder as well.                | 13:24:55 |
| 17 | Q. Are the retention capabilities of the              | 13:24:57 |
| 18 | building cameras similar to the mobile trailers and   | 13:25:05 |
| 19 | the pole cameras as far as 30 or so days?             | 13:25:15 |
| 20 | A. Yes.   | 13:25:15 |
| 21 | Q. And what about the van? What's the retention       | 13:25:15 |
| 22 | on the van's cameras?                                 | 13:25:15 |
| 23 | A. The van's is a remote excuse me. It's an           | 13:25:16 |
| 24 | Edge recorder like is anything else. I would say      | 13:25:21 |
| 25 | that the retention period is probably about 30 days.  | 13:25:24 |
|    |   |          |

| 2  | used, you know.                                     | 13:25:32 |
| 3  | Q. Okay. With regard to the van or video or         | 13:25:32 |
| 4  | data collected by the van's recorders, are they     | 13:25:39 |
| 5  | backed up or saved to a centralized location?       | 13:25:45 |
| 6  | A. Yes. The video is yes. The video is              | 13:25:48 |
| 7  | downloaded.   | 13:25:51 |
| 8  | Q. Okay. Every time, no matter what?                | 13:25:51 |
| 9  | A. It is every time we take it out.                 | 13:25:53 |
| 10 | Q. Okay. So unlike the pole cameras or the          | 13:25:55 |
| 11 | where it's on where if there's a request, you'll    | 13:25:57 |
| 12 | download it and save it, the van is just            | 13:26:01 |
| 13 | automatically saved?                                | 13:26:04 |
| 14 | A. That's correct.                                  | 13:26:05 |
| 15 | Q. Okay. What about the mobile trailers? I may      | 13:26:05 |
| 16 | have asked you that, but let me ask you that again. | 13:26:08 |
| 17 | A. Yeah. Same.                                      | 13:26:10 |
| 18 | Q. Are the mobile trailers is that only by          | 13:26:12 |
| 19 | request that they're downloaded, or are they        | 13:26:16 |
| 20 | automatically downloaded?                           | 13:26:19 |
| 21 | A. Only by request.                                 | 13:26:20 |
| 22 | Q. Okay. And the building cameras?                  | 13:26:21 |
| 23 | A. Only by request.                                 | 13:26:22 |
| 24 | Q. Okay. So the van is unique in that sense?        | 13:26:23 |
| 25 | A. Yes.   | 13:26:27 |

1 reviewed it? 2 I vaguely remember, you know, us discussing Α. 3 it as part of the command staff, you know, but, you 4 know, I've been a part of command staff since 2009. So there has been discussion about this since then. 5 Did you ever, as part of your role in the 6 Ο. 7 training academy, instruct cadets on -- specifically on the decree and what it says? 8 9 Α. 1 this? 2 BY MR. CASTELLI: 3 Q. Yes. 4 Α. All right. 5 All right. Director Rallings, this was 0. previously marked as Exhibit 8 in another deposition. 6 7 I belive the deposition of Sergeant Reynolds 8 yesterday. 9 Do you recognize this document? 10 Yes. Α. 11 Can you tell me what it is? 0. 12 It's a spreadsheet of demonstrations, Α. 13 protests, flash mobs, et cetera. 14 Did you have any involvement in the creation 0. 15 of this document? 16 Yes, I asked that it be created. Α. 17 0. And when did you do that? 18 I don't recall. I can kind of give you some Α. 19 context though. We responded to so many I started to 20 lose count. And because city council is so 21 interested in my budget and our use of overtime to 22 where probably quarterly we're reporting our overtime 23 expense to the council, I wanted to make sure I could 24 reference how many civil disturbances we responded 25 to, the when and the where, and so that my finance

manager could put a cost to it. So I think that if we -- what this helped us do is to decide if I had three -- I think three percent of my entire overtime budget of almost 25 million dollars has been spent on responding to protest or crowds or some type of demonstration.

7 So that's -- that was -- I asked my team how many have we responded to, and they couldn't answer 8 it and I couldn't answer it. And I asked Tim and 9 10 whoever else was with him to just keep a spreadsheet 11 similar to what we're doing with schools. You know, 12 if we get a threat to a school, that we kind of keep 13 up with it because you'll lose track. And it helped 14 us allocate manpower. So to predict kind of what 15 manpower we needed to. But this started all because 16 of budget issues.

17 0. So -- and you -- just so I'm clear, you had 18 said responding to civil disturbances. But this 19 spreadsheet doesn't rerecord civil disturbances? 20 Well, it could have been a combination. Α. 21 Okay. I mean, some of -- some of these 0. 22 things didn't result in a civil disturbance let's 23 say, some of these events? 24 Yes, point well taken. A majority -- very Α. 25 rare that we have any of those protests, permitted or

Okay. Can you tell me what -- your 6 0. 7 understanding of what happened at that event? My understanding of what happened was that a 8 Α. 9 group of individuals went to the mayor's home 10 uninvited, trespassed on his property and laid out in 11 his yard as a form of protest posted on social media. 12 Then they made threats to return I think every 13 Tuesday, and they called it Coffee with the Mayor. 14 So other than your -- you said you give some 0. 15 general instructions about how to better protect the 16 Did you have any other conversations about mayor. 17 specifically an Authorization of Authority for the 18 mayor's property with anyone? 19 Α. I'm not sure what you mean by that. 20 You said you had a general conversation about Ο. 21 how can we better protect the mayor. Yes, sir. 22 Α. 23 And then you also said -- you testified that Ο. 24 Sergeant Reynolds had presented this document to you 25 at some point?

| 9  | narcotics and/or gangs.                               | 12:30:54 |

| 9  | A. That was right after the bridge. My second         | 12:43:07 |
| 10 | boss, the main boss, he's a major, Major Bass said we | 12:43:16 |

| 12 | staff can see where all of the resources on the       | 12:43:31 |

| 14 | a problem trying to keep up with all of these         | 12:43:37 |
| 15 | spontaneous events and to respond adequately and to   | 12:43:41 |
| 16 | provide public safety. Can we surf the social media   | 12:43:45 |
| 17 | stuff and try to anticipate where some of this stuff  | 12:43:51 |
| 18 | would happen. And it kind of worked.                  | 12:43:55 |
| 19 | So they start off kind of rough. And why we           | 12:44:01 |
| 20 | started calling them joint, because the Shelby County | 12:44:02 |
| 21 | Police Department because there was other agencies    | 12:44:06 |
| 22 | with it, and then after a while it was determined     | 12:44:10 |
| 23 | we're the biggest agency in this region, it really is | 12:44:11 |
| 24 | for us, but we didn't change the name of it. So even  | 12:44:17 |
| 25 | though it's Joint Intelligence Briefing, we narrowed  | 12:44:22 |

| 3  | kind of erred on the side of caution and just put     | 12:46:13 |
| 4  | everything in there. Because this is a new area for   | 12:46:18 |

| 7  | you can start seeing what's routine and what's not    | 12:46:27 |
| 8  | routine. So some things dropped out.                  | 12:46:30 |
| 9  | Like a Black Lives Matter Chapter meeting,            | 12:46:34 |
| 10 | after they had several and there was no incident      | 12:46:39 |
| 11 | either someone coming into counterprotest or somebody | 12:46:42 |
| 12 | in the meeting, an incidence in the meeting they      | 12:46:44 |
| 13 | started developing a track history they fell off the  | 12:46:51 |
| 14 | list.   | 12:46:54 |
| 15 | Q. Okay. And let's start looking at some              | 12:46:54 |
| 16 | documents. And this will be Exhibit 8. We're going    | 12:47:06 |
| 17 | to continue on the Exhibit number from our last       | 12:47:06 |
| 18 | deposition.   | 12:47:06 |
| 19 | (WHEREUPON, the above-mentioned document              | 12:47:06 |
| 20 | was marked as Exhibit Number 8.)                      | 12:47:06 |
| 21 | Q. I'm sorry. This first one is large.                | 12:47:27 |
| 22 | I've handed you a document and do you                 | 12:47:56 |
| 23 | recognize this document?                              | 12:47:59 |
| 24 | A. I do. This is my copy?                             | 12:48:00 |
| 25 | Q. Yes. All right. So what is this document           | 12:48:09 |
|    |   |          |

| 1  | that I've handed you?                                | 12:48:15 |
|----|--|----------|
| 2  | A. It is a tracking administrative list of all       | 12:48:25 |
| 3  | of the protests for a period of time that started    | 12:48:25 |
| 4  | January 17th and ended in 16 and 17. It looks        | 12:48:29 |
| 5  | like it came just prior to the bridge. Are these     | 12:48:41 |
| б  | numbered correctly? This started                     | 12:48:55 |
| 7  | Q. It may be out of order. I think the middle        | 12:49:03 |
| 8  | page should be at the end.                           | 12:49:06 |
| 9  | A. It's the middle page.                             | 12:49:09 |
| 10 | Q. The top and the bottom pages are from 2017.       | 12:49:10 |
| 11 | A. The top and bottom are 2017. Okay. I see          | 12:49:16 |
| 12 | the first entry is May 30th. Well, we kind of had to | 12:49:22 |
| 13 | go back to that. That was, that's a special one. We  | 12:49:26 |
| 14 | had to mark something as like one of the first       | 12:49:32 |
| 15 | demonstrations. Like I said, when we first started   | 12:49:37 |
| 16 | everything seemed to be high priority. So we were    | 12:49:41 |
| 17 | throwing a lot of police resources at all of this.   | 12:49:45 |
| 18 | Q. Is this a document that you maintained in the     | 12:49:47 |
| 19 | course of your daily work, or is it when did you     | 12:49:53 |
| 20 | start preparing this document?                       | 12:49:57 |
| 21 | A. It was, I want to say it was right after the      | 12:49:58 |
| 22 | die-in at the mayor's house. This is Sergeant        | 12:50:09 |
| 23 | Cornwell. He would have to speak to that. But        | 12:50:14 |
| 24 | that's my recollection. It was right around the time | 12:50:16 |
| 25 | of the die-in at the mayor's house.                  | 12:50:19 |
|    |  |          |

| 1  | demonstrations. And it was he didn't tell me what     | 12:51:53 |
|----|---|----------|
| 2  | for but I can imagine it was to justify to the        | 12:51:57 |
| 3  | precinct commander why we need the resources from     | 12:52:01 |
| 4  | your precinct to help us with these, and the overtime | 12:52:04 |
| 5  | costs, and everything we're putting out on it.        | 12:52:09 |
| 6  | Q. Okay. And I know that you said that before         | 12:52:13 |
| 7  | that at the beginning you were overinclusive and      | 12:52:18 |
| 8  | there was time it got less.                           | 12:52:24 |
| 9  | So what is the criteria, what was the                 | 12:52:26 |
| 10 | criteria for an event to be placed on this list? And  | 12:52:28 |
| 11 | how did it change over time?                          | 12:52:33 |
| 12 | A. I don't think the criteria has changed. If         | 12:52:35 |
| 13 | there is an event that's either permitted or          | 12:52:44 |
| 14 | unpermitted, there have been a lot less unpermitted   | 12:52:49 |
| 15 | events, we put them in here. Now, you're not going    | 12:52:53 |
| 16 | to see St. Jude Marathon, Memphis in May, Elvis week. | 12:52:57 |
| 17 | Those are already kind of baked in the cake.          | 12:53:03 |
| 18 | Everybody knows those are coming up and they can look | 12:53:06 |
| 19 | back to last year, or the year before, and find out   | 12:53:09 |
| 20 | what your resources in each precinct got.             | 12:53:13 |
| 21 | Q. So are these more of the spontaneous events?       | 12:53:16 |
| 22 | A. Yes. The unpermitted.                              | 12:53:20 |
| 23 | Q. And let's see. Did any of these events             | 12:53:22 |
| 24 | result in well, I guess, I'll ask it this way:        | 12:53:30 |
| 25 | Why is there a category here for key personnel?       | 12:53:37 |
|    |   |          |

| 1  | A. Key personnel means our observations. These       | 12:53:40 |
|----|--|----------|
| 2  | are the people that on social media that are on for  | 12:53:47 |
| 3  | these events. And they are unpermitted. So we        | 12:53:51 |
| 4  | thought this needs to, these people keep coming to   | 12:53:57 |
| 5  | these unpermitted events. And there's a pattern, so  | 12:54:00 |
| 6  | if there's not a pattern why not put it down.        | 12:54:03 |
| 7  | Q. So it's kind of tracking a pattern?               | 12:54:06 |
| 8  | A. That's all police work is really.                 | 12:54:09 |
| 9  | Q. And let's see. As far as this category for        | 12:54:12 |
| 10 | techniques, is that the same type of thing, tracking | 12:54:19 |
| 11 | a pattern?   | 12:54:23 |
| 12 | A. Yes.  | 12:54:24 |
| 13 | Q. That is all of my questions for this Exhibit.     | 12:54:24 |
| 14 | I did have one more question. What does the color    | 12:54:34 |
| 15 | coding mean?   | 12:54:39 |
| 16 | A. I don't you'll have to ask Sergeant               | 12:54:39 |
| 17 | Cornwell about that. I don't know.                   | 12:54:44 |
| 18 | Q. I'm going to hand you another document. And       | 12:55:02 |
| 19 | some of these are Collective Exhibits so more than   | 12:55:09 |
| 20 | one email, but related to the same thread of         | 12:55:12 |
| 21 | conversation. So this will be marked as Exhibit 9.   | 12:55:17 |
| 22 | (WHEREUPON, the above-mentioned document             | 12:55:17 |
| 23 | was marked as Exhibit Number 9.)                     | 12:55:17 |
| 24 | Take a second to look it over. Do you                | 12:55:35 |
| 25 | recognize this document?                             | 12:55:38 |
|    |  |          |

| 1  | A. That is an well, it's an unlawful                 | 13:03:40 |
|----|--|----------|
| 2  | assembly.  | 13:03:45 |
| 3  | Q. And what does unlawful assembly mean to you?      | 13:03:49 |
| 4  | A. It's outside of the city ordinance. 25 or         | 13:03:52 |
| 5  | less.  | 13:03:56 |
| 6  | Q. Does the ordinance only require 25 or less,       | 13:03:56 |
| 7  | or are there other requirements? So is it any time   | 13:04:05 |
| 8  | you have 25 people together anywhere in the city, or | 13:04:10 |
| 9  | are there other requirements that you understand?    | 13:04:14 |
| 10 | A. The requirements kick in when you go over 25.     | 13:04:16 |
| 11 | Q. And that's the only thing at issue?               | 13:04:20 |
| 12 | A. Small gatherings are not a problem. Larger        | 13:04:23 |
| 13 | gatherings are a police problem for public safety    | 13:04:29 |
| 14 | reasons.   | 13:04:30 |
| 15 | Q. Okay. In Bass's email it says that you all        | 13:04:30 |
| 16 | would pursue additional intel. What did you          | 13:04:37 |
| 17 | typically do to pursue additional intel? What would  | 13:04:41 |
| 18 | that look like?                                      | 13:04:45 |
| 19 | A. Threats to that protest from a                    | 13:04:46 |
| 20 | counterprotest.                                      | 13:04:51 |
| 21 | Q. Did you find any threats?                         | 13:04:52 |
| 22 | A. (The witness nods.)                               | 13:04:57 |
| 23 | MR. CASTELLI: Answer verbally.                       | 13:05:04 |

| 17 | realtime crime center?                               | 13:13:14 |
| 18 | A. We work more on specific threats. And they        | 13:13:16 |
| 19 | work on general.                                     | 13:13:21 |

| 21 | where you work together?                             | 13:13:30 |
| 22 | A. Yes. They sometimes will have a phenomenon        | 13:13:32 |
| 23 | going on, on open source. And they will come and ask | 13:13:37 |
| 24 | us for a threat assessment, a quick threat           | 13:13:42 |

| 1  | fight, then that goes into a threat assessment.      | 13:15:22 |
| 2  | Q. Okay.   | 13:15:26 |
| 3  | A. If it's everybody meet us over here to the        | 13:15:27 |
| 4  | shop at Macy's, then no.                             | 13:15:29 |
| 5  | Q. All right. Let's go to the next oh, I did         | 13:15:34 |
| 6  | have one more question. What is the collator?        | 13:15:37 |
| 7  | A. They have software on the realtime crime          | 13:15:40 |
| 8  | center that sniffs out across a lot of different     | 13:15:47 |
| 9  | social media platforms, open source information.     | 13:15:50 |
| 10 | Q. What is open source information just for the      | 13:15:53 |
| 11 | record?  | 13:15:56 |
| 12 | A. For the record, you can have a social media       | 13:15:56 |
| 13 | platform that has either, it could be all private,   | 13:16:01 |
| 14 | all public, or a hybrid. The stuff that makes and    | 13:16:04 |
| 15 | these days everything is end-to-end secure. In other | 13:16:11 |
| 16 | words, you have to get a court order to get in and   | 13:16:18 |
| 17 | find out if something is in a closed room. So we     | 13:16:20 |
| 18 | work on a lot of open source information.            | 13:16:22 |
| 19 | Q. And so open source would be things                | 13:16:27 |
| 20 | A. Things that you make out to the public.           | 13:16:30 |
| 21 | You'll have, you know, usually have on Instagram, if | 13:16:34 |
| 22 | it's a private account we won't get it. However,     | 13:16:39 |
| 23 | some people can take pictures of a private           | 13:16:42 |
| 24 | conversation and send it to us as a complaint.       | 13:16:47 |
| 25 | Q. Right. And that would be like a screen shot       | 13:16:49 |

| 16 | already talked about the categories of information    | 13:33:54 |
| 17 | that are on the JIB. So tell me about the incident    | 13:33:57 |
| 18 | that's on page 7707 regarding Mr. Kendrick.           | 13:34:00 |
| 19 | And while you're looking at that, this JIB,           | 13:34:32 |
| 20 | just for the record, it was prepared by you?          | 13:34:35 |
| 21 | A. It was.  | 13:34:37 |
| 22 | Q. Okay. Great. How did you decide, using this        | 13:34:39 |
| 23 | as an example, so there is an incident and you decide | 13:34:53 |
| 24 | to include it in the JIB, how do you decide what      | 13:34:58 |

| 3  | of these are gun free zones. If a gang element got   | 13:58:41 |

| 7  | Q. Okay. I believe that's all of that Exhibit.       | 13:58:58 |

| 14 | Q. Great. And it looks like Timothy Kring from       | 13:59:38 |

| 16 | A. I do not know.                                    | 13:59:52 |

| 18 | A. You know what, Timothy Kring is a U.S.            | 14:00:03 |
| 19 | Marshall. And I think he requested through former    | 14:00:09 |

| 22 | Q. Okay. Turning to 15587. The first bullet          | 14:00:20 |

| 14 | Do you recognize this document?                       | 15:19:54 |
| 15 | A. It is a Power Point presentation that I            | 15:19:57 |
| 16 | delivered at a track meeting on Thursday. The track   | 15:20:04 |
| 17 | is a command staff. I was                             | 15:20:08 |
| 18 | MR. WELLFORD: Did you say on Thursday?                | 15:20:17 |
| 19 | A. It happens every Thursday.                         | 15:20:19 |
| 20 | MR. WELLFORD: Okay. All right.                        | 15:20:22 |
| 21 | Q. On a Thursday or every                             | 15:20:24 |
| 22 | A. Every Thursday. Either the director                | 15:20:26 |
| 23 | requested a Power Point presentation, or my boss told | 15:20:32 |
| 24 | me to put together a Power Point presentation of all  | 15:20:32 |

| 2  | Q. Okay. And on 22800 underneath the photograph       | 15:20:44 |
| 3  | there of where the screen shot of the presentation,   | 15:20:55 |
| 4  | what is that underneath?                              | 15:20:58 |
| 5  | A. When I first got to Homeland Security, I'm         | 15:21:00 |
| 6  | from narcotics. And I did not know much about this    | 15:21:07 |
| 7  | type of, that's a clear line investigation like a     | 15:21:10 |
| 8  | robbery or whatnot. This is threats to the            | 15:21:14 |
| 9  | community, threats to public safety. We didn't have   | 15:21:23 |
| 10 | a lot of training going on at the time. So the next   | 15:21:29 |
| 11 | opportunity I thought would be to go to another       | 15:21:34 |
| 12 | metropolitan area, and that was Nashville. We had     | 15:21:37 |
| 13 | just put, assisted with the klan rally. And when I    | 15:21:41 |
| 14 | was in the Organized Crime Unit I assisted with the   | 15:21:51 |
| 15 | klan rally. And we had just had the bridge incident.  | 15:21:55 |
| 16 | Q. When was the klan rally?                           | 15:21:58 |
| 17 | A. I tried to figure it out the other day. I          | 15:22:01 |
| 18 | want to say that was 2013.                            | 15:22:06 |
| 19 | Q. Okay.  | 15:22:12 |
| 20 | A. It was in the Court Square. There's been           | 15:22:16 |
| 21 | several. That was the last one. So I arranged to go   | 15:22:19 |
| 22 | meet at a counterpart at Homeland Security with metro | 15:22:24 |
| 23 | Nashville. Chris Parker. They were having an          | 15:22:29 |
| 24 | unpermitted black panther rally in Nashville.         | 15:22:39 |
| 25 | Q. And when was that?                                 | 15:22:46 |
|    |   |          |

| 4  | a little bit about this slide.                       | 15:30:03 |

| 10 | the purpose of it in your presentation?              | 15:30:23 |

| 13 | there are other people that he has been, is friends  | 15:30:31 |

| 16 | Q. How are you what's the basis for your             | 15:30:44 |
| 17 | knowledge about their association with each other?   | 15:30:48 |
| 18 | A. Open source social media.                         | 15:30:52 |
| 19 | Q. Is it also through the Bob Smith account? I       | 15:30:57 |
| 20 | understand you may not answer.                       | 15:31:01 |
| 21 | MR. WELLFORD: He's going to decline to               | 15:31:04 |

| 23 | He can answer a question that falls outside of those | 15:31:09 |

| 10 | MR. WELLFORD: Yeah, if you remember when              | 15:37:01 |
| 11 | you were given the information reflected here you can | 15:37:04 |
| 12 | answer that question.                                 | 15:37:08 |
| 13 | A. I can't remember specifically when I got the       | 15:37:09 |

| 15 | Q. Okay. Can you tell me more about the               | 15:37:12 |
| 16 | second actually, can you tell me about this entire    | 15:37:24 |
| 17 | slide?  | 15:37:27 |
| 18 | A. Okay. Again, I'm trying to explain to the          | 15:37:27 |
| 19 | command staff that there are certain people that      | 15:37:33 |
| 20 | would use an unlawful assembly as a vehicle to make   | 15:37:36 |
| 21 | the police look like they are heavy handed or trying  | 15:37:39 |
| 22 | to disrupt. People that would like to express a view  | 15:37:43 |
| 23 | point.  | 15:37:49 |
| 24 | Back to the slide. Use of the legitimate              | 15:37:50 |
| 25 | community organizers to advance a radical agenda.     | 15:37:53 |

| 7  | Q. So with respect to this example, what is the      | 15:38:13 |
| 8  | radical agenda being advanced?                       | 15:38:17 |
| 9  | A. They want to close the zoo.                       | 15:38:20 |
| 10 | Q. Okay.   | 15:38:26 |
| 11 | A. Disrupt commerce.                                 | 15:38:27 |
| 12 | Q. Okay. I just didn't want to put words in          | 15:38:30 |

| 14 | A. Okay.   | 15:38:33 |
| 15 | Q. Let's fast forward to 22820 and tell me about     | 15:38:34 |
| 16 | this slide.  | 15:38:46 |
| 17 | A. Again, "Pick a target, freeze it, personalize     | 15:38:47 |
| 18 | and polarize it." That is straight out of Saul       | 15:38:58 |
| 19 | Alinsky's rules for radicals. The pattern discussed  | 15:39:02 |
| 20 | in this presentation is being played out in the      | 15:39:04 |
| 21 | metropolitan areas all across the United States.     | 15:39:08 |
| 22 | Small groups of radical individuals are hijacking    | 15:39:09 |
| 23 | legitimate public groups to want to make             | 15:39:13 |
| 24 | improvements. The smaller radical groups use these   | 15:39:14 |
| 25 | peaceful demonstrations as opportunities to use      | 15:39:19 |
|    |  |          |

| 3  | Q. So when you legitimate, do you mean valid?        | 15:42:15 |
| 4  | I'm not trying to put words in your mouth. I just    | 15:42:21 |
| 5  | want to make sure I understand.                      | 15:42:24 |
| 6  | A. It's part of a larger group of people. It's       | 15:42:25 |
| 7  | either national or heavily participated locally. So  | 15:42:28 |
| 8  | the number of people that have expressed concerns    | 15:42:34 |

| 14 | A. Bike lanes, not so widely supported. The          | 15:42:49 |

| 17 | about this slide.                                    | 15:43:02 |
| 18 | A. An expression goal an expressed goal of           | 15:43:08 |
| 19 | these smaller radical groups is to embarrass law     | 15:43:09 |
| 20 | enforcement in order to undermine the bond between   | 15:43:13 |

1 associated with. 15:55:59 2 Right. This is a review of associates, in Α. 15:56:00 fact, of Keedran Franklin. There they are. 3 Aaron 15:56:04 Lewis, Paul Garner and Ian Jeffries. Since blue 4 15:56:09 5 suede shoes, Keedran Franklin has participated in 15:56:13 6 several demonstrations/protests in association --15:56:17 7 associated with the group called the Memphis 15:56:20 Coalition Concerned Citizens or CCC. I call it the C 15:56:25 8 15:56:28 9 cubed group protesting several causes. The CCC is an 10 umbrella group that has free Palestine, fight for 15, 15:56:38 11 standing rock, solidarity march, mayor's house, and 15:56:45 12 the Malco theater as their other causes. 15:56:49 13 When you say Malco theater, what does that 15:56:58 Ο. 14 mean? 15:57:01 15 Α. That one is a little sketchy. We had gang 15:57:01 16 fights at theaters. And we had flash mobs at some 15:57:10 17 grocery stores that were loosely gang related. 15:57:11 18 Definitely school related. That's what we were 15:57:18 19 interested in. I'm not sure what he was interested 15:57:20 20 in. 15:57:24 21 So this is saying that he was protesting the 15:57:24 Ο. 22 Malco theater? 15:57:29 23 Α. I don't know. I don't know. I'm just, I 15:57:32 24 know from the police side what we were interested in. 15:57:35 25 15:57:38 Ο. Okay. Tell me more about -- I quess you

| 1  | already told me about Coalition of Concerned          | 15:57:45 |
| 2  | Citizens. Let's turn the page with, that says, plan   | 15:57:47 |
| 3  | of action.  | 15:57:51 |
| 4  | A. Plan of action: Through reliable sources,          | 15:57:53 |
| 5  | OHS has identified 43 individuals that may cause      | 15:58:00 |
| 6  | problems during the birthday celebration. OHS has     | 15:58:03 |
| 7  | worked with Raines Station and forwarded the 43 names | 15:58:06 |
| 8  | of individuals for possible inclusion on an           | 15:58:11 |
| 9  | Authorization of Agency.                              | 15:58:13 |
| 10 | Q. So tell me, what is an Authorization of            | 15:58:13 |
| 11 | Agency?   | 15:58:18 |
| 12 | A. An Authorization of Agency is an internal          | 15:58:18 |
| 13 | departmental form that we give to people that would   | 15:58:24 |
| 14 | like to notify people on notice if they can't be on   | 15:58:27 |
| 15 | their property, specific piece of property. The way   | 15:58:31 |
| 16 | it works is the name goes on it. An officer puts it.  | 15:58:35 |
| 17 | One copy is kept for business. One copy is kept in    | 15:58:38 |
| 18 | the precinct in which that business or the property   | 15:58:40 |
| 19 | is located. And you get notified; the name goes on    | 15:58:44 |
| 20 | the list. And if you're there again, you get          | 15:58:48 |
| 21 | arrested for criminal trespass.                       | 15:58:50 |
| 22 | Q. So if there is an AOA, if someone's name is        | 15:58:53 |
| 23 | on an AOA list they receive notice of that fact?      | 15:58:56 |
| 24 | A. They can be put on the list, and then they         | 15:58:59 |
| 25 | are given notice that they are on the list. They      | 15:59:08 |

|----|---|----------|
| 2  | Q. Okay. Looking back to the issue with the           | 15:59:12 |
| 3  | Malco theater, was there a criminal investigation     | 15:59:21 |
| 4  | into Coalition for Concerned Citizens with respect to | 15:59:25 |
| 5  | the Malco theater?                                    | 15:59:28 |
| 6  | A. Not with respect to the Malco theater.             | 15:59:29 |
| 7  | Q. With respect to any other criminal act other       | 15:59:33 |
| 8  | than civil disobedience?                              | 15:59:37 |
| 9  | A. The unlawful assembly and trespassing at the       | 15:59:44 |
| 10 | mayor's office, the die-in.                           | 15:59:48 |
| 11 | Q. Okay.  | 15:59:50 |
| 12 | A. The mayor declined to prosecute that that was      | 15:59:51 |
| 13 | an act of criminal investigation.                     | 15:59:54 |
| 14 | Q. Okay.  | 15:59:56 |
| 15 | A. That was a brief. He finally came in for a         | 15:59:59 |
| 16 | minute there. That was a problem.                     | 16:00:04 |
| 17 | Q. Were you involved in the criminal                  | 16:00:06 |
| 18 | investigation into C cubed?                           | 16:00:17 |
| 19 | A. Under which pretence?                              | 16:00:21 |
| 20 | MR. WELLFORD: I'm going to object to the              | 16:00:23 |
| 21 | form. I'm not sure it's been established there was a  | 16:00:24 |
| 22 | criminal investigation of the Coalition for Concerned | 16:00:27 |
| 23 | Citizens.   | 16:00:27 |
| 24 | Q. When I asked you before if there had been a        | 16:00:33 |
| 25 | criminal investigation into C cubed, the Coalition    | 16:00:36 |
|    |   |          |

| 1  | for Concerned Citizens, you said yes with respect to  | 16:00:42 |
|----|---|----------|
| 2  | the mayor's house.                                    | 16:00:44 |
| 3  | A. Right. The die-in to the mayor's house was         | 16:00:45 |
| 4  | briefly an investigation into a trespass.             | 16:00:47 |
| 5  | Q. So my question is, were you involved in that       | 16:00:50 |
| 6  | criminal investigation that you referenced?           | 16:00:54 |
| 7  | A. I was.   | 16:00:57 |
| 8  | Q. What was your involvement?                         | 16:00:58 |
| 9  | A. My involvement was to try to identify the          | 16:01:00 |
| 10 | people that were in open source Facebook post made by | 16:01:07 |
| 11 | Keedran Franklin as to the parties that were on the   | 16:01:13 |
| 12 | mayor's property.                                     | 16:01:15 |
| 13 | Q. Okay. Were you also involved in what was           | 16:01:17 |
| 14 | the result of that investigation?                     | 16:01:22 |
| 15 | A. Like I said, the mayor declined to prosecute.      | 16:01:23 |
| 16 | So the result of that investigation was we weren't    | 16:01:28 |
| 17 | able to successfully carry prosecute                  | 16:01:32 |
| 18 | Q. Did you take any other action as a result of       | 16:01:36 |
| 19 | that investigation as far as I'll just stop the       | 16:01:40 |
| 20 | question there.                                       | 16:01:46 |
| 21 | A. We were posed with a problem we were put in        | 16:01:47 |
| 22 | because the open source Facebook post from Keedran    | 16:01:54 |
| 23 | Franklin stated that he would be back every Monday to | 16:02:00 |
| 24 | have, early in the morning to have coffee with Jim.   | 16:02:03 |
| 25 | He would also go to the director's house and to the   | 16:02:07 |
|    |   |          |

| 1  | CEO of Graceland. I don't remember that guy's name.   | 16:02:11 |
| 2  | And he was going to make this a regular thing.        | 16:02:15 |
| 3  | So we were posed with a situation that this           | 16:02:18 |
| 4  | might be an effort to tie up city functions and       | 16:02:22 |
| 5  | government functions. Having the mayor constantly     | 16:02:28 |
| 6  | having to prosecute people for trespassing would      | 16:02:33 |
| 7  | interfere with the mayor's duties, also the director. | 16:02:37 |
| 8  | We weren't so much concerned with Graceland, but that | 16:02:41 |
| 9  | was a Germantown problem. Since it's all the same     | 16:02:43 |
| 10 | thing, we decided to do that.                         | 16:02:47 |
| 11 | So we had a workaround, had everybody put no          | 16:02:50 |
| 12 | trespassing signs on the property. And then had an    | 16:02:57 |
| 13 | officer stationed there. If a person that was on the  | 16:03:01 |
| 14 | AOA list that we, of likely people that would show up | 16:03:06 |
| 15 | to a protest like this, who are associates of the     | 16:03:11 |
| 16 | CCC, that officer, because some of these people might | 16:03:16 |
| 17 | not wish to identify themselves to that police        | 16:03:22 |
| 18 | officer. And since this is a consensual encounter     | 16:03:23 |
| 19 | with that officer and not a custodial detention, that | 16:03:26 |
| 20 | officer would be able to say that is Spencer Kaaz.    | 16:03:30 |
| 21 | Spencer, you're not allowed to be here anymore. You   | 16:03:34 |
| 22 | have an Authorization of Agency.                      | 16:03:34 |
| 23 | Should Spencer Kaaz come back to that                 | 16:03:40 |
| 24 | property, that officer, it's a misdemeanor committed  | 16:03:43 |
| 25 | in his presence. And we wouldn't tie up the mayor.    | 16:03:47 |
|    |   |          |

| 2  | Q. What properties had AOAs under that procedure     | 16:03:54 |
| 3  | you just described?                                  | 16:03:59 |
| 4  | A. I don't know what my job was developed            | 16:04:00 |
| 5  | associates in fact. And for three possible           | 16:04:07 |
| 6  | properties, I don't know how they were applied.      | 16:04:10 |
| 7  | Q. And what did you do when you say                  | 16:04:13 |
| 8  | associates in fact, what does that mean?             | 16:04:18 |
| 9  | A. Associates in fact is we have articulable         | 16:04:20 |
| 10 | places we can go to that these people may have       | 16:04:29 |
| 11 | something to do with either Keedran Franklin or the  | 16:04:33 |
| 12 | CCC.   | 16:04:37 |
| 13 | Q. Okay.   | 16:04:39 |
| 14 | A. Social media contacts. Previously arrested        | 16:04:40 |
| 15 | with. Often seen at unlawful assemblies with that    | 16:04:43 |
| 16 | kind of thing.                                       | 16:04:51 |
| 17 | Q. Okay. And that list you developed was the         | 16:04:52 |
| 18 | basis of the AOA?                                    | 16:04:56 |
| 19 | A. Correct.  | 16:04:59 |
| 20 | Q. Which AOA?  | 16:04:59 |
| 21 | A. It was, my job was the associates of fact.        | 16:05:07 |
| 22 | And then those three were put on the three locations | 16:05:13 |
| 23 | managed by Keedran Franklin.                         | 16:05:13 |
| 24 | Q. Okay. And those three locations were, just        | 16:05:20 |
| 25 | so I'm clear?  | 16:05:22 |
|    |  |          |

| 2  | wherever what's his name lives in Germantown. And we | 16:05:27 |

| 4  | problem.   | 16:05:34 |
| 5  | Q. So you're talking about the                       | 16:05:35 |
| 6  | MR. WELLFORD: Jack Soden, S-O-D-E-N.                 | 16:05:39 |

| 8  | A. Soden.  | 16:05:50 |
| 9  | Q. Soden. So not Graceland itself?                   | 16:05:50 |
| 10 | A. No. At this point if it said Graceland it         | 16:05:53 |
| 11 | was because the CEO Soden was the CEO of             | 16:06:00 |
| 12 | Graceland. And that was intended for his residence.  | 16:06:03 |
| 13 | Q. Okay. So when it says individuals that may        | 16:06:06 |
| 14 | cause problems during the birthday celebration, that | 16:06:17 |
| 15 | didn't mean that the AOA was for Graceland itself?   | 16:06:21 |
| 16 | A. No. That was for Soden's residence.               | 16:06:26 |
| 17 | Q. Okay. I wanted to turn back to the last           | 16:06:28 |

| 2  | Q. Okay. I'm going to now hand you Exhibit 4         | 16:14:37 |
| 3  | from Lieutenant Bonner's deposition. And do you      | 16:14:46 |
| 4  | recognize that document?                             | 16:14:51 |
| 5  | A. This is 2022828. We were instructed to, we        | 16:14:52 |
| 6  | had associates in fact to make sure the strength of  | 16:15:12 |
| 7  | the associates in fact to the CCC were explained.    | 16:15:16 |
| 8  | And if there was not a strong connection, that name  | 16:15:21 |
| 9  | was to be noted, and we were to discuss whether that | 16:15:26 |
| 10 | would be removed from the list.                      | 16:15:32 |
| 11 | Q. Did you prepare this document?                    | 16:15:35 |
| 12 | A. Eddie and I did. Cornwell and I did.              | 16:15:36 |
| 13 | Q. Okay.   | 16:15:36 |
| 14 | A. We went through and if there was a series of      | 16:15:42 |
| 15 | unlawful assemblies or arrests, those were the       | 16:15:48 |
| 16 | strongest associates. So those tended to stay.       | 16:15:52 |
| 17 | And  | 16:15:57 |
| 18 | Q. When did you prepare this list with Sergeant      | 16:15:58 |
| 19 | Cornwell?  | 16:16:04 |
| 20 | A. I do not remember.                                | 16:16:05 |
| 21 | Q. Was it used in the development of the AOA         | 16:16:08 |
| 22 | list or was it prepared after?                       | 16:16:15 |
| 23 | A. It was after the AOA list had been made           | 16:16:17 |
| 24 | public. And then we needed to pare the list down and | 16:16:22 |
| 25 | make sure we had strong associates.                  | 16:16:29 |

| 1  | Q. Okay. Next I'm going to hand you Exhibit 30.       | 16:36:03 |
|----|---|----------|
| 2  | (WHEREUPON, the above-mentioned document              | 16:36:03 |
| 3  | was marked as Exhibit Number 30.)                     | 16:36:03 |
| 4  | Do you recognize this?                                | 16:36:38 |
| 5  | A. Yes. From Louis Brownlee to me.                    | 16:36:39 |
| 6  | Q. What is it?  | 16:36:44 |
| 7  | A. It is a copy of the consent decree, a very         | 16:36:44 |
| 8  | bad copy. And at the very end of the email it is a    | 16:36:52 |
| 9  | notice that DR 138 political intelligence and the     | 16:37:03 |
| 10 | prohibit within the department.                       | 16:37:10 |
| 11 | Q. What is DR 138?                                    | 16:37:11 |
| 12 | A. DR 138 is the police version of all of this        | 16:37:15 |
| 13 | lawyer talk that you guys have got here. This is      | 16:37:23 |
| 14 | written for lawyers for lawyers, and we don't read    | 16:37:26 |
| 15 | that much. We like three or four paragraphs. So       | 16:37:29 |
| 16 | basically this is this in a nutshell. But I know      | 16:37:32 |
| 17 | Louis Brownlee. He's very thorough. And he works      | 16:37:37 |
| 18 | with the legal, and he wants to make sure if you want | 16:37:39 |
| 19 | to investigate further, you can read all of the rest  | 16:37:40 |
| 20 | of this.  | 16:37:43 |
| 21 | Q. So were you familiar with when is the              | 16:37:43 |
| 22 | first when did you learn of DR 138?                   | 16:37:49 |
| 23 | A. Any addendum to the Memphis Police Department      | 16:37:55 |
| 24 | policy procedure is given to lieutenants in rollcall. | 16:38:01 |
| 25 | And I want to say it was 2009 or '10, Director Godwin | 16:38:05 |

| 2  | narcotics working drug work.                          | 16:38:15 |
| 3  | We discussed the consent decree in very               | 16:38:17 |
| 4  | general terms and this specifically. And the gist of  | 16:38:21 |
| 5  | it was we're doing white line criminal investigations | 16:38:26 |
| 6  | here. This really doesn't apply to us. Now, when I    | 16:38:33 |
| 7  | got out of that and over here we had this to revisit  | 16:38:36 |
| 8  | this a little bit.                                    | 16:38:40 |
| 9  | Q. In what way did you revisit it?                    | 16:38:42 |
| 10 | A. During my orientation for about a year with        | 16:38:46 |
| 11 | Stewart, we went over this in very broad terms.       | 16:38:52 |
| 12 | MR. WELLFORD: You're holding up the                   | 16:38:56 |
| 13 | actual decree.  | 16:38:57 |
| 14 | A. I'm holding the very, the actual decree and        | 16:38:59 |
| 15 | the DR. We went over both.                            | 16:39:03 |
| 16 | MS. FLOYD: Okay. These documents are                  | 16:39:05 |
| 17 | the documents that we received yesterday. And so we   | 16:39:44 |
| 18 | don't have copies of these.                           | 16:39:49 |
| 19 | MS. SILK: Okay.                                       | 16:39:54 |
| 20 | MS. FLOYD: Is there a way to make copies              | 16:39:56 |

| 20 | Q. Uh-huh. Uh-huh?                                    | 14:35:08 |
| 21 | A. The next two shifts, which I worked the            | 14:35:12 |
| 22 | Charlie shift, it was primarily officers, and we just | 14:35:15 |
| 23 | handled anything after-hours.                         | 14:35:18 |
| 24 | Q. Okay. And who was your direct supervisor           | 14:35:20 |

| 1  | A here's the result.                                  | 14:45:55 |
| 2  | It's it would be like if I asked you to do            | 14:45:56 |
| 3  | something for me and I did it, and the way you know   | 14:45:58 |
| 4  | it was done is I responded to you, so                 | 14:46:01 |
| 5  | Q. Right. And was there a procedure well,             | 14:46:03 |
| 6  | let me back up. Was there a policy for how those      | 14:46:11 |
| 7  | the results of those investigations would be saved on | 14:46:16 |
| 8  | the system?   | 14:46:21 |
| 9  | A. We had a folder that we would create for           | 14:46:21 |
| 10 | requests if we produced results.                      | 14:46:25 |
| 11 | Q. And for that folder, would each request have       | 14:46:28 |
| 12 | its own folder?                                       | 14:46:38 |
| 13 | A. Typically.   | 14:46:40 |
| 14 | Q. Okay. And how long how were those folders          | 14:46:40 |
| 15 | maintained over time?                                 | 14:46:49 |
| 16 | A. On the server that where we save our work,         | 14:46:50 |
| 17 | it's typically, if I remember right, it's split out   | 14:46:59 |
| 18 | by year, month and then whatever the name of the      | 14:47:02 |
| 19 | request was. And we would name it whatever we felt    | 14:47:07 |
| 20 | meaningful for that typical work.                     | 14:47:13 |
| 21 | Q. Did you refer back to previous investigations      | 14:47:15 |
| 22 | when you received a later request that was related?   | 14:47:23 |
| 23 | A. If it would help us with the results of the        | 14:47:27 |
| 24 | new one and we did similar work in the past, yes.     | 14:47:31 |
| 25 | Q. Okay. Do you know if there is I'll ask it          | 14:47:34 |
|    |   |          |

| 5  | by the RTCC in this last category of assisting in     | 14:51:35 |

| 9  | A. No.  | 14:51:49 |
| 10 | Q. Okay. Was there a policy about the use of          | 14:51:50 |
| 11 | the resources at RTCC regarding, for example,         | 14:52:03 |
| 12 | personal use?   | 14:52:14 |
| 13 | A. Personal?  | 14:52:16 |
| 14 | Q. For non law enforcement purposes. Were you         | 14:52:20 |
| 15 | trained on any policy about what uses of the          | 14:52:25 |
| 16 | resources were appropriate versus inappropriate?      | 14:52:30 |
| 17 | A. I just have knowledge that what would be           | 14:52:33 |
| 18 | inappropriate or appropriate.                         | 14:52:39 |

| 22 | Q. And how would those requests come to you?          | 14:53:01 |
| 23 | A. Either by e-mail or through our supervisor.        | 14:53:04 |
| 24 | Q. And let's see. Did you receive requests            | 14:53:07 |

| 3  | one picked up.                                       | 14:55:28 |
| 4  | Q. Functionally, were they similar?                  | 14:55:29 |
| 5  | A. Very similar.                                     | 14:55:32 |
| 6  | Q. So with the social media collator, walk me        | 14:55:33 |
| 7  | through the basic procedure for making a for an      | 14:55:44 |
| 8  | investigation using the social media collator.       | 14:55:54 |
| 9  | A. Because they were different, there were           | 14:55:58 |
| 10 | different procedures.                                | 14:56:00 |
| 11 | Q. Okay.   | 14:56:01 |
| 12 | A. With Geofeedia, for instance, Geofeedia's         | 14:56:01 |
| 13 | claim to fame, I guess you could say, is you could   | 14:56:11 |
| 14 | cast a geofence around a certain area, and typically | 14:56:13 |
| 15 | we would do maybe a quarter of the county or the     | 14:56:20 |
| 16 | county itself, Shelby County, and it would pick up   | 14:56:24 |
| 17 | any public posts in that area. We could limit the    | 14:56:26 |
| 18 | public posts by setting certain keywords, like "gun" | 14:56:33 |
| 19 | or "shoot" or "riot" or "flash mob" or, you know, we | 14:56:37 |
| 20 | could limit that way we're not seeing everything     | 14:56:48 |
| 21 | because that's public. We're just interested in      | 14:56:51 |
| 22 | certain things that potentially could create a, you  | 14:56:54 |
| 23 | know, a public safety incident.                      | 14:56:57 |
| 24 | Q. And was NC4 similar or different in that way?     | 14:57:00 |
| 25 | A. It's similar. It didn't do a you couldn't         | 14:57:06 |

| 2  | where the user said they were located, if they had   | 14:57:17 |
| 3  | location services turned on. Or you could even tell  | 14:57:21 |

| 7  | A. So it was a little bit more limited in that       | 14:57:32 |
| 8  | aspect.  | 14:57:35 |
| 9  | Q. Uh-huh? So NC4, when you said whether they        | 14:57:36 |
| 10 | had their location services turned on, who's "they"? | 14:57:41 |
| 11 | A. The user.   | 14:57:46 |
| 12 | Q. And the user would mean the social media          | 14:57:47 |
| 13 | user   | 14:57:52 |
| 14 | A. Right.  | 14:57:54 |
| 15 | Q that was being collected in this search?           | 14:57:54 |
| 16 | A. Right, the individual using that particular       | 14:57:57 |
| 17 | social media, whether it be Facebook or Twitter or   | 14:58:01 |
| 18 | Instagram.   | 14:58:05 |
| 19 | Q. And what speaking of which, which social          | 14:58:06 |
| 20 | media platforms could be searched through NC4?       | 14:58:11 |
| 21 | A. I don't recall all of them. I do remember         | 14:58:17 |
| 22 | most of our results came back from Twitter or        | 14:58:20 |
| 23 | Instagram.   | 14:58:23 |
| 24 | Q. Oh, okay. But it searched Facebook as well?       | 14:58:24 |

| 2  | that data. So it got to the point to where we         | 14:58:38 |
| 3  | weren't getting almost any, if any, results from      | 14:58:41 |
| 4  | Facebook.   | 14:58:47 |
| 5  | Q. Okay. And when do you know when Facebook           | 14:58:47 |
| 6  | made that change?                                     | 14:58:50 |
| 7  | A. I don't remember. It kind of evolved.              | 14:58:51 |
| 8  | Q. Okay. So was it something that increased           | 14:58:56 |
| 9  | over time? Like the was the change in the             | 14:59:00 |
| 10 | Facebook policy something that happened all at once,  | 14:59:09 |
| 11 | or was it something that gradually got stricter over  | 14:59:11 |
| 12 | time?   | 14:59:13 |
| 13 | A. I remember getting very little results to          | 14:59:14 |
| 14 | begin with, with Facebook using the collators. And    | 14:59:17 |
| 15 | just with meeting with the vendors when we would have | 14:59:22 |
| 16 | periodic training with them. Basically, they were     | 14:59:25 |
| 17 | telling us we're not going to get any more results    | 14:59:30 |
| 18 | from Facebook because of their policy.                | 14:59:32 |
| 19 | Q. Okay. So with respect to Facebook, did you         | 14:59:35 |
| 20 | have to conduct a separate investigation just         | 14:59:40 |
| 21 | manually?   | 14:59:45 |
| 22 | A. We would.  | 14:59:46 |
| 23 | Q. Okay. And back to the NC4 searches, how            | 14:59:48 |
| 24 | specific could you make the searches?                 | 14:59:56 |
| 25 | A. They could be very broad or as specific as we      | 14:59:57 |
|    |   |          |
|    |   |          |

| 17 | MS. SILK: 65. Okay. That's not from                  | 15:20:43 |
| 18 | today, right?  | 15:20:45 |
| 19 | MR. CASTELLI: No. It's Ross.                         | 15:20:46 |
| 20 | MS. FLOYD: Is everyone ready?                        | 15:21:05 |
| 21 | MS. SILK: Uh-huh.                                    | 15:21:07 |
| 22 | MS. FLOYD: Okay. Wonderful.                          | 15:21:08 |

| 1  | MS. SILK: That's not from today either,             | 15:28:17 |
|----|---|----------|
| 2  | is it?  | 15:28:19 |
| 3  | MS. FLOYD: No. It's also from Ross.                 | 15:28:20 |
| 4  | BY MS. FLOYD:                                       | 15:28:42 |
| 5  | Q. This is an exhibit that has already been         | 15:28:43 |
| 6  | admitted. Are you familiar with the i2 Analyst's    | 15:28:47 |
| 7  | Notebook software?                                  | 15:28:52 |
| 8  | A. I'm aware of it.                                 | 15:28:52 |
| 9  | Q. What is it?                                      | 15:28:54 |
| 10 | A. It is basically a program that can help          | 15:28:55 |
| 11 | correlate certain events or certain you can         | 15:29:05 |
| 12 | basically put a massive amount of data into it, and | 15:29:12 |
| 13 | the software will help you determine correlations.  | 15:29:15 |
| 14 | Q. Okay. Can you give me an example?                | 15:29:23 |
| 15 | A. Like, for instance, this is just because I'm     | 15:29:25 |
| 16 | familiar with it, it's nothing I did. You could put | 15:29:32 |
| 17 | in a whole bunch of information and say phone       | 15:29:36 |
| 18 | records, and this software you can't go manually    | 15:29:41 |
| 19 | through 15,000 phone records, but the software can  | 15:29:51 |
| 20 | say, "Well, this phone number comes up this many    | 15:29:54 |
| 21 | times, and this person contacted this person."      | 15:29:57 |
| 22 | Q. Oh, that's cool.                                 | 15:29:58 |
| 23 | A. So I know it's a very powerful piece of          | 15:30:00 |
| 24 | software, but I've never used it.                   | 15:30:03 |
| 25 | Q. Do you know whether RTCC anyone used it?         | 15:30:05 |
|    |   |          |

| 1  | A. They were wanting to because to help with        | 15:30:09 |
| 2  | investigations. I'm not aware of anybody that       | 15:30:14 |
| 3  | actually dove into it to learn it. I never received | 15:30:19 |
| 4  | training on it.                                     | 15:30:22 |
| 5  | Q. Okay. And okay. I think that's all I'm           | 15:30:23 |
| 6  | going to ask about this one.                        | 15:30:31 |
| 7  | Oh, I did have one more question. Did               | 15:30:33 |
| 8  | would you have been able to would the i2 Analyst's  | 15:30:38 |
| 9  | Notebook software, could you have used that with    | 15:30:44 |
| 10 | social media accounts?                              | 15:30:45 |
| 11 | A. I believe you could.                             | 15:30:46 |
| 12 | Q. Okay.  | 15:30:48 |
| 13 | A. But I'm not sure.                                | 15:30:50 |
| 14 | Q. Okay.  | 15:30:51 |
| 15 | A. I've never used it.                              | 15:30:52 |
| 16 | Q. Okay. All right. Who is Edrick Williams?         | 15:30:54 |
| 17 | A. He's a police officer assigned to RTCC.          | 15:31:05 |
| 18 | Q. Okay.  | 15:31:08 |
| 19 | A. Or he was. I guess he still is.                  | 15:31:08 |
| 20 | MS. FLOYD: Okay. Let me look over this              | 15:31:18 |
| 21 | just really briefly. Maybe if we could go off the   | 15:31:20 |
| 22 | record for just a few minutes.                      | 15:31:23 |
| 23 | (Short break.)                                      | 15:31:25 |
| 24 | MS. FLOYD: I don't have any more                    | 15:32:27 |
| 25 | questions.  | 15:32:27 |
