I have attached the Sole Source letter. We do not have a requisition because these will be bought by the county through a Homeland Security grant. They will pay for the cameras for the first year.

Subject: Follow Up

Deputy Chief Miller,

I have followed up with Penny after our phone conversation regarding the agreement for the license reader cameras. While she is waiting on approval from Law for signing the agreement, Purchasing needs a Sole Source Request Letter and a requisition for this purchase.

Please let me know if you have any questions.
