- Ask for an absentee ballot by mailing, faxing, or emailing your county election commission office with the following information: your name, address, social security number, date of birth, mailing address for the ballot (if you will be out of your county), the election you wish to vote in, your reason for voting absentee, and your signature.
- If you are in the military or live overseas, you may ask for an absentee ballot at any time before 7 days before the election. For everyone else, you can ask for an absentee ballot from 90-7 days before the election.
- You must vote in person (early voting or on Election Day) for the first election after you register to vote by mail. After you vote in person the first time, you can vote by mail in later elections. You won't have to provide any additional information.
- Mail in your ballot with enough time for it to arrive by the time polls close on Election Day.

Can I vote in Tennessee?

You can vote in general election if you're registered to vote at least 30 days before the election. **NOTE:** If you are mailing your application, you must have it postmarked at least 30 days before the election.

You can register if:

- you're a U.S. citizen;
- you're a resident of Tennessee;
- you'll be at least 18 years old on election day; and
- you have not been convicted of a felony (unless your rights have been restored).

What if I'm a student?

- You can register to vote at whatever address you regard as your primary residence. This can be your school address or your home address.

What if I've been convicted of a crime?

- If you were convicted of a misdemeanor in Tennessee, you can vote. If you're still in jail, you may have to vote by absentee ballot.
- If you were convicted of certain felonies in Tennessee, you can ask to have your right to vote restored if you meet certain requirements. Not all people convicted of felonies may be able to restore their voting rights in Tennessee. For more information and to find out how to receive a Certificate of Restoration, visit <http://www.aclu-tn.org/let-people-vote-aclu-tns-voting-rights-resource-center/>

What if I'm homeless?

- You don't need a home to register. For the election officials to decide where you should vote, you have to describe where you usually stay or return to. This can be a street corner, a park, a shelter, or any other place that you usually return to. If you register to vote by mail, you'll

have to give a mailing address where you can receive mail, like a shelter.

Do I need to show proof of U.S. citizenship when I register to vote?

- No. But you may receive a notice from your county election commission asking for proof. You have to send to your county election commission a photocopy of your birth certificate, passport, or naturalization papers within 30 days after you receive the notice.
- If you don't send proof of your citizenship within 30 days, you can be removed from the voter list. Tenn. Code Ann. § 2-2-141.
